HOVEYS'
ILLUSTRATED
CATALOGUE
OF
NEW AND RARE
PLANTS.
1881.

16 So. Market St., Boston.

NOTICE.

FOR the forty-seventh year we have the pleasure of presenting our new catalogue, with the addition of a large number of new and rare plants, selected from the great collections of France, England, and Belgium. Such as we have exhibited the past year, have been awarded numerous first-class prizes.

Please give attention to the following:

ORDER SHEET. Use this in all cases, as it saves us time and insures the correct filling of orders.

NAME AND ADDRESS. Be careful to write your name in full, with post-office address, county, and State distinctly written. Please also address Hovey & Co., 16 South Market Street, Boston, Mass., as our letters are often mis-carried.

EXPRESS. All plants will be sent by express unless specially ordered otherwise. We do not advise sending by mail, only when a few plants are wanted, or where there is no express office. We can send much larger, stronger, and better plants by express, which are sure to give better satisfaction.

Purchasers not familiar with the varieties will find it for their interest to leave the selection to us, as it is often difficult to judge of the merits of varieties by descriptions. We shall in all cases make the best selection possible.

NO CHARGE FOR BOXES, BASKETS, OR PACKING PLANTS.

PAYMENTS. Orders from unknown correspondents, unless accompanied by a remittance or satisfactory reference, will be sent C. O. D. Remittances may be made by Draft, Registered Letter, or Post-Office Money Order, at our risk.

As our business includes both Seeds and Plants, as well as Fruit Trees, Ornamental Shrubs, Evergreens, Vines, etc., orders for both may be sent together, and additional express charges saved. All such orders, however, should be made out on separate order sheets.

Our Seed Catalogue free on Application.

Our Nurseries and Greenhouses are at Cambridge, two miles from the city; but our friends and customers who would like to visit our grounds can do so, by horse-cars from Scollay Square, which run directly there every seven minutes. Time, twenty-five minutes.

Our Catalogue of Seeds is published in January, and Bulbs in August.

HOVEY & CO.,

16 South Market Street, Boston.

We have no connection with a seed firm in Chicago doing business under the name of Hovey & Co.

NEW AND RARE PLANTS

FOR 1881.

ABUTILON ROSY MORN.

A new variety with soft rose colored flowers, beautifully formed, smooth petals, and a very great improvement on any of the Abutilons of the same color. It is a very fine variety.
50c. each; \$4.50 per dozen.

ABUTILON ALBO MACULATUM.

A new, very distinct and conspicuous variety, with the foliage boldly splashed with creamy white. As a decorative plant, it is the most striking of all the Abutilons.
50c. each; \$4.50 per dozen.

ANDROMEDA JAPONICA.

One of the most beautiful of all the Andromedas; of neat, shrubby habit and myrtle-like leaves, producing large racemes of pure white waxy-looking, bell-shaped flowers.
\$1.00 each.

SPLENDID NEW CHINESE AZALEAS.

The following are some of the newest and most remarkable varieties, selected from the celebrated Belgian collections last spring, when in flower:—

- Bijou de Ledeborg.** Foliage edged with white, and rich rose-colored flowers.
Empereur de Brazil. Large, double rose, deeply bordered and striped with carmine.
Flambeau. An entirely new color; deep velvety purple-crimson; superb. Very free bloomer.
Imperatrice Charlotte. Deep red, veined with rose, and bordered with white.
Louise Paynaert. Flowers immense size, very double, milk-white, occasionally veined with carmine. \$2.00.
Orange Brilliant. Brilliant orange; very abundant flowerer.
Triumph des Blancs. Very large, double white; superb.
Vicomte de Forceville. The most beautiful deep red, double.
Young plants, \$1.00 each; except those noted.

NEW CHINESE AZALEA, LITTLE BEAUTY.

This is an entirely new, novel, and very beautiful seedling, raised by us from A. Amara. The flowers are about twice as large, single, and of a clear, deep pink. The habit of the plant is dwarf and compact, and so profuse in flower as to cover the plant. As a specimen plant, or for cutting bouquets, it is a splendid acquisition.
\$1.00 each; \$9.00 per dozen.

NEW CHINESE AZALEA, HOVEY'S GEM.

Another seedling, distinct and beautiful; somewhat similar in form and size of the flowers to Little Beauty, but the color a deep rosy crimson. It makes a dwarf, compact, and handsome plant, flowering in wonderful profusion. This fine variety has been introduced into English collections by Messrs. Veitch & Sons.
\$1.50 each.

AZALEA MATTAPAN.

Though not a new variety, it is without doubt the largest and finest of all the white Azaleas, and is as yet cultivated only to a limited extent. For cut flowers for florists it far excels all others.

50c. each; \$4.50 per dozen.

AZALEA OVATA.

A very distinct and beautiful species from China. The flowers more resemble a *Kalmia* than an Azalea. It has glossy evergreen leaves, and clusters of lovely pale lilac flowers.

\$1.00 each.

NEW DOUBLE AZALEA, IMPERATRICE DES INDES.

This is undoubtedly the finest double variety that has yet been produced. The flowers are of immense size, very double, and full of petals to the centre. The color is deep rose, and all the petals are bordered with white. The flowers remain in perfection a long time. Magnificent.

Young plants, \$2.00 each.

ASPARAGUS PLUMOSUS.

An elegant climbing plant, with slender stems, exceedingly ornamental for the greenhouse or conservatory, its pretty, feathery branches being extremely useful for cutting for bouquets, retaining their freshness a long time.

Plants, \$1.00 each.

NEW ORNAMENTAL-LEAVED BEGONIAS.

These are entirely new and admirable varieties, selected in Paris, and much superior to the old kinds. The markings are new, novel, and distinct, and the variegation most remarkable.

Acuminata splendida.
Argentea zebrina.
Comtesse de Thellusson.
Marquis de Naidallac.

Louise Chretien. Extra.
Michel Ange.
Quadrizonalis ornata.
Le Brun.

50c. each; \$4.50 per dozen.

NEW TUBEROUS-ROOTED BEGONIAS.

These beautiful Begonias, which are becoming so popular and so much admired, have been greatly improved by cultivators, and now enumerate some magnificent varieties. Last year we offered a few for sale, which were selected personally from M. Lemoine's great collection. As our stock was small and prices high, we now offer them again at more reasonable rates.

SINGLE VARIETIES.

Crepuscule. Beautiful salmon color.
Etna. Brilliant, fiery-scarlet.
Leon Plisson. Orange-vermilion.
Mentor. Carmine-rose.
Oriflamme. Carmine-vermilion. \$1.00.
Trophée. Cinamon-crimson. \$1.00.
Worthiana. Scarlet, fine for masses. 50c. each, except those noted. The set of seven, \$3 00.

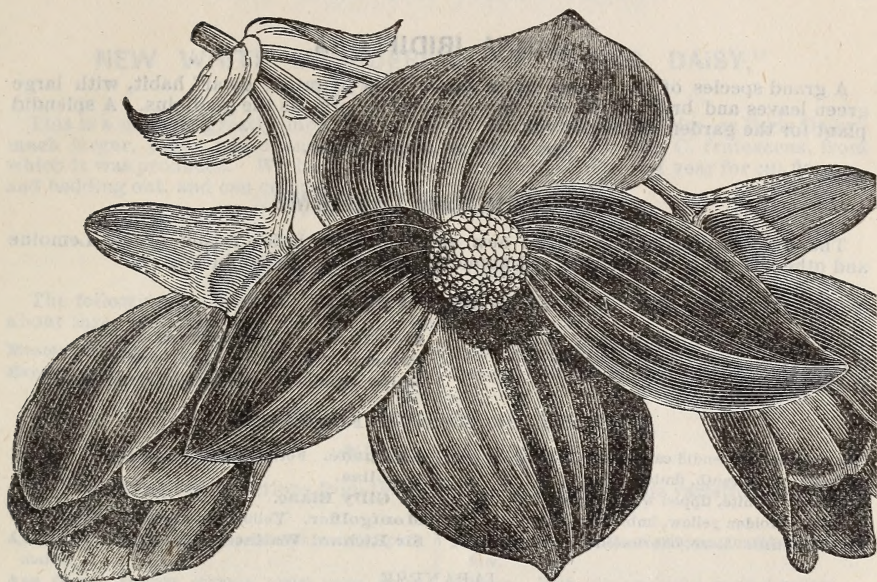

DOUBLE VARIETIES.

Anemoneflora plena. Rose color; large.
Argus. Clear vermilion.
Bal aminaeflora plena. Orange; large.
Gloire de Nancy. Brilliant vermilion.
Lemonie. Orange-vermilion.
Ornament. Soft rose.
Salmonea plena. Rosy salmon. \$1.00 each. The set of seven, \$6.00.

BOUGAINVILLEA GLABRA.

A free-blooming and very beautiful species, with small foliage, and more slender habit than *B. Spectabilis*. Flowers abundantly nearly all the year.

50c. each.

TUBEROUS-ROOTED BEGONIA. (See page 2.)

NEW CAMELLIA, C. M. HOVEY.

This magnificent Camellia was awarded the gold medal of the Massachusetts Horticultural Society as the finest Scarlet Camellia. The flowers are very large, measuring five inches in diameter, full, and perfectly double to the centre; color rich crimson-scarlet; petals large, bold, of great substance, beautifully imbricated and symmetrically arranged, entire on the edge; growth vigorous, habit good, and foliage large, glossy, deep green; an abundant bloomer.

\$1.50 each; \$12.00 per dozen.

NEW CAMELLIA, C. H. HOVEY.

Entirely new in color, — a rich, dark maroon-crimson, like Gen. Jacqueminot rose. Form perfect; petals round, symmetrical, without notch on the edge, remarkably deep, and imbricated to the centre. Habit beautiful, branching vigorous, with unusually handsome deep-green foliage.

\$1.50 each; \$12.00 per dozen.

CAMELLIA, MRS. ANNE MARIE HOVEY.

This lovely variety has just been awarded the prize of \$60.00 by the Massachusetts Horticultural Society as the finest new Seedling Camellia. This Camellia surpasses in every quality all other varieties yet produced. In the shape and symmetry of the flower, and in the form, substance, and perfection of petal, it has no equal; but its most remarkable character is its peculiar and distinct quality of producing flowers of MANY DIFFERENT COLORS on the same plant. The prevailing color is a clear, waxy white, delicately pencilled with crimson; but often a great number are of the darkest and richest carmine. Some are of the deepest shade of blush, others blush, striped with carmine. Habit erect and symmetrical; flowers as abundantly and as freely as the old Double White.

\$1.50 each; \$12.00 per dozen. Large plants, \$5.00 to \$2 00 each.

CANNA IRIDIFLORA.

A grand species of the *Canna*, quite rare. It is of rather dwarf habit, with large green leaves and brilliant crimson flowers quite as large as the gladiolus. A splendid plant for the garden or for pot culture.

50c. each; \$4.50 per dozen.

NEW CHRYSANTHEMUMS.

The following are some of the new and choice varieties raised by M. Lemoine and other cultivators, and obtained numerous prizes at the exhibitions:—

LARGE-FLOWERED.

Fleur de Marie. Splendid, large, white.
Guernsey Nugget. Primrose yellow.
Hereward. Fine purple.

Mrs. Dixon. Rich golden yellow; fine.
Princess Teck. Pure white, incurved.
Reine Blanche. Pearl-white, fimbriated.

POMPONE, OR MEDIUM FLOWERED.

Antonious. Splendid canary yellow.
Adonis. Amaranth, fimbriated.
Aspasic. White, tipped with yellow.
Bolide. Golden yellow, imbricated, full.
Imbricatum. Rose, imbricated.

La Purité. Forming a white bouquet.
Le Lilas.
M. Gilly Blanc.
Montgolfier. Yellow and crimson; extra.
Sir Richard Wallace. Rose-fringed.

JAPANESE.

Cœur Fidele. Red-tipped, cinnamon.
Bouquet Fait. Immense flowers, twisted florets, rich rose, golden centre.
Gloire de Toulouse. Rich, amaranth crimson.
Hiver Fleuri. Cream color, tinted with rosy violet, centre buff yellow.
James Salter. Clear lilac or mauve.

M. Delaux. Reddish crimson, golden-yellow underneath; very large.
M. Crousse. Crimson, central petals incurved, golden yellow.
Mad. C. Desgrange. White and citron.
Pere Delaux. Immense flowers, of a rich, velvety reddish-brown.

25c. each; \$2.50 per dozen.

NEW JAPANESE CHRYSANTHEMUM, TRIUMPH DE LA RUE DU CHATELET.

A magnificent variety, with flowers measuring six inches in diameter. Salmon color, shaded with rose, and golden-yellow centre.

50c. each; \$4.50 per dozen.

NEW EARLY FLOWERING CHRYSANTHEMUM, PRECOCITE.

Ore of the new class, blooming in August and September. Flowers white.

30c. each; \$3.00 per dozen.

NEW GOLDEN MARGUERITE, ETOILE D'OR.

Probably no plant of recent introduction has attracted more attention than the yellow *Marguerite*. The peculiar soft yellow of its large spreading blossoms being almost entirely new. In addition to this, it is almost a perpetual bloomer; and is admirably adapted for summer decoration of the garden, or winter decoration of the greenhouse, blooming continuously the whole year. It grows from one to two feet, high, compact, and bushy. The flowers also possess the valuable property of remaining in perfection a long time after they are cut, making it of great value to florists for bouquets or decorative purposes.

50c. each; \$4.50 per dozen.

NEW WHITE MARGUERITE OR "PARIS DAISY," MADAME FARFUILLON.

This is a new and greatly improved variety of the French Marguerite, or Paris Daisy; much larger, purer white, and far more beautiful than the old *C. frutescens*, from which it was produced. We have cultivated it extensively the last year for cut flowers, and bedding out, and can commend it as a grand acquisition.

30c. each; \$3.00 per dozen.

NEW DWARF CLEMATIS.

The following are new and beautiful varieties of the Herbaceous Clematis, growing about three feet high, and flowering profusely all summer:—

Erecta hybrida.

Integrifolia Durandi. Violet flowers.

Erecta flore pleno. Double white.

Integrifolia rosea. Rose flowers.

50c. each.

NEW COLEUS.

The following are selections from the many new and remarkable varieties introduced last season:—

Amabilis. Light green, yellowish centre, pink stains.

Marvellous. Brilliant crimson, marbled with yellow.

Asa Gray. Orange crimson, violet veins, green edge.

Pharo. Rich crimson-scarlet, mottled yellow.

Beacon. Blackish-purple, crimson veins.

Red Cloud. Crimson, marked with blackish-brown.

Butterfly. Crimson, green, and yellow.

Speciosa. Green, yellowish-white centre.

Clown. Mottled crimson and yellow.

Sunbeam. Brilliant crimson, suffused with orange and yellow.

Dr. Hooker. Crimson, stained with brown.

T. Meehan. Carmine, shaded brown.

Mrs. E. B. Cooper. Purplish-crimson, spotted with brown.

Tessellatum. Marbled with green and pale yellow.

Harlequin. Green, marbled with purple, bronze, and chocolate color.

Zephyr. Bronzy-crimson, violet-purple stains.

25c. each; \$2.50 per dozen.

BEAUTIFUL NEW SEEDLING COLEUS.

The following are unique varieties, selected from a large number of seedlings, all beautiful; but we have reserved only these four, as novel and distinct:—

Decoration. Green, crimson centre, frilled edge.

Orient Morn. Green, with pink and cream centre; superb.

Gleam of Day. Pale green, yellow centre; beautiful.

Yellow Gem. Pale green, yellow centre, frilled edge.

50c. each; \$4.50 per dozen.

NEW CEREUS, ALICE WILSON.

This is an entirely new and beautiful striped flowered Cereus. The flowers are large, about eight inches in diameter, of a brilliant scarlet, with a stripe of bright orange through the centre of each petal. It is one of the many seedlings produced by us, and now first offered for sale. It flowers when only six inches high.

Young plants, \$2.00 each.

CEREUS, C. M. HOVEY.

This is one of the most superb varieties ever produced, the entire flower being of a clear blue-violet tint, with an extra row of petals, and eight inches in diameter. Received a first-class certificate from the Royal Horticultural Society, May, 1879.

\$1.00 each; \$9.00 per dozen.

CISSUS RHOMBIA.

A greenhouse twining plant, with foliage similar in appearance to the Ampelopsis, but of a bronzy hue, and soft, velvety texture. A highly ornamental and elegant plant. 50c. each; \$4.50 per dozen.

CLERODENDRON SPECIOSUM.

A showy and superb plant, of the general habit of *C. Balfouri*, but in place of the white and scarlet flowers of that variety, it has entire scarlet blossoms, in large clusters, of great brilliancy. \$1.00 each.

NEW MONTHLY SCARLET CARNATION, MAGNIFICENT.

A seedling of ours, of remarkable beauty. The flowers are of the largest size, with large petals, all the flowers expanding without bursting the calyx, color brilliant scarlet. For cutting for bouquets it is unsurpassed. Growth exceedingly vigorous, and free-blooming. It is undoubtedly the best scarlet ever raised.

30c. each; \$3.00 per dozen; \$15.00 per hundred.

NEW MONTHLY CARNATIONS.

The following are new and handsome varieties, raised by Mr. Talby, of Wellesley, and are especially valuable for cut flowers, being fringed and highly fragrant:—

Fred. Johnson. Scarlet.

Grace Wilder. Pale pink, very delicate color. \$1.00.

Princess Louise. Bright, rosy pink.

50c. each, except those noted; \$4.50 per dozen.

NEW MONTHLY CARNATION, GRENADINE.

A new and splendid scarlet Carnation; and has proved to be one of the best of its color in cultivation, dwarf habit, and as free blooming as *La Purité*. Valuable for cut flowers.

30c. each; \$3.00 per dozen.

NEW YELLOW CALLA (RICHARDIA HASTATA).

A new, novel, and handsome Calla, with yellow flowers, having a dark purple centre. It was introduced a few years ago, but is still very rare. It will prove a valuable addition to collections, or for florists' use.

\$1.00 each.

CURCULIGO RECURVATA VARIEGATA.

A noble plant, of palm-like habit, producing an arching head of recurved, beautifully plaited leaves, two feet long and six inches broad, on stems fifteen inches in length. The leaves are green, conspicuously banded with clear white stripes. The richly variegated foliage renders this plant one of the most desirable and ornamental.

\$5.00 each.

LEMOINE'S DOUBLE DELPHINIUMS.

We have the pleasure of offering seedling plants of Lemoine's Delphiniums, the largest and finest collection in Europe. Selected expressly for us from his best varieties when in bloom, and will undoubtedly produce some splendid flowers.

50c. each; \$4.50 per dozen.

NEW DRACÆNA TERMINALIS ALBA.

The finest addition recently made to this group of plants. It is precisely like *D. terminalis* in everything except color, the variegation being clear white in place of crimson. As a companion plant growing under the same treatment it is invaluable.

Price on application.

DRACÆNA STRIATIFOLIA.

Similar in habit and style of growth to *D. terminalis*, but the leaves are beautifully striped with light and dark green.

\$1.00 each.

DRACÆNA GOLDIANA.

One of the most magnificent ornamental-foliage plants ever introduced. The plant is of erect habit, with closely set, spreading leaves, which are yellowish green, marbled and irregularly and transversely banded with dark green and silver-gray in alternate straight bands. It has received numerous premiums at the floral exhibitions, and is without doubt one of the most ornamental plants, and indispensable in all collections.

Price for young plants on application.

NEW DRACÆNA HARRISII.

Raised by Mr. Harris, gardener to H. H. Hunnewell. A fine variety, with green leaves beautifully edged with white. Leaves moderately broad.

\$1.00 each.

ECHEVERIA HOVEYI.

Among the large number of Echeverias, this new variety is the most remarkable and beautiful. It is a seedling raised by us, and is as striking as it is exquisite in colors. It forms a fine rosette in its habit of growth, and all the bluish leaves are elegantly striped their entire length with cream and pink. As a decorative plant for pot culture it is entirely unique, and for succulent beds it must become indispensable when a rich contrast is desired.

\$1.50 each; \$12.00 per dozen.

ECHEVERIA PEACOCKI.

One of the prettiest of the smaller growing varieties, with a close, compact habit and reflexed leaves of a bluish gray tint, forming a beautiful rosette of silvery lustre.

30c. each; \$3.00 per dozen.

THE CACTUS DAHLIA (D. JUAREZII).

The grandest novelty of the year, with blossoms of a rich crimson, and very much resemble in shape and color the well-known *Cereus Speciosissimus*; petals flat and not cupped, double. Received a certificate of the Royal Horticultural Society.

Plants \$1.25 each.

NEW SINGLE DAHLIAS.

The introduction of these new varieties of Single Dahlias has created quite a sensation among English cultivators. They have been exhibited at the Royal Horticultural Society and unanimously awarded first-class certificates.

Alba. White, fine for cut flowers; one of the best and most useful.

Cervantesi. Light orange scarlet, with yellow centre; very beautiful.

Coccinea. Dark scarlet, very fine and showy.

Lutea. Pure yellow, with darker centre.

Scarlet Gem. Finely formed, of an orange-red hue, remarkably free bloomer.

Yellow Gem. Same style of growth as Scarlet Gem, having flowers of a clear pale yellow.

\$1.00 each.

EUCALYPTUS CITRIODORA.

A new species, of rather slender growth, the leaves of which have the delightful odor of the Lemon Verbena. It will be a fine acquisition.

\$1.00 each.

EULALIA JAPONICA ZEBRINA.

A novel and beautiful grass, the leaves of which are variegated in a transverse manner with creamy white. It grows freely, and forms a very handsome and ornamental plant.
\$1.00 each.

EUPATORIUM TRISTE.

A new and handsome species of the Eupatorium, of bushy habit, with thick foliage, and very large clusters or spreading panicles of white flowers, blooming from January to March. Invaluable for cutting for bouquets.
25c. each; \$2.50 per dozen.

ERANTHEMUM ATROPURPUREUM.

A very distinct and fine foliage plant, with rather narrow-pointed leaves of a rich deep violet-purple. The growth is erect and habit graceful.
50c. each.

FREESIA REFRACTA ODORATA.

A new and exquisite small bulbous plant, similar to the Ixias. The flowers are in clusters, tubular, color pure white, with a spot of yellow on the lower petal, deliciously scented, and extremely valuable for bouquets. Flowers all the winter.
25c. each; \$2.50 per dozen.

NEW FERNS.

Nephrolepis Duffi. A distinct and remarkable fern, of a close-tufted habit, producing numerous slender fronds, highly ornamental; the fronds have a charmingly drooping habit, with small rounded pinnæ, growing two together. \$1.00 each.

Nephrolepis Ensifolia. A new and vigorous growing species, something in the way of *N. tuberosa*, but with larger pinnæ. Fine for suspended baskets. \$1.00 each.

Polypodium Kurrudrianum (The New Drooping Fern), called by some the Sandwich Island Fern. It should be grown in a wire basket, and when suspended under the shade of a tree or veranda, its delicate fronds droop three or four feet. Highly ornamental.

50c. each; \$4.50 per dozen.

FERULA TINGITANA.

A new half-hardy plant with very large finely cut foliage, three feet long, and flower stems ten feet high, with immense umbels of white flowers. M. Jean Sisley, who sent us the seeds, writes us that it is hardy at Lyons, and a very elegant plant.
\$1.00 each.

NEW ZONALE GERANIUMS.

(Sent out by H. CANNELL.)

Joyful. Light magenta, with a distinct edging of orange-scarlet; flowers and trusses large; splendid habit, and fine.

Mrs. Moore. A grand improvement on all the ocellated varieties; pure white, with a beautiful and distinct ring of scarlet round a small white eye; fine form and substance. Extra.

New Guinea. Orange-yellow; ten shades brighter than Guinea; dwarf and compact habit; flowers well formed, and a fine addition to this new color.

Right-a-head. Dark crimson; upper petals shaded with scarlet; petals broad and thick; flowers and trusses very large and well formed; vivid green foliage.

Salmon Rienzi. A most beautiful salmon color, of great size and substance, large trusses, dwarf habit, and fine.

75c. each; \$6.00 per dozen.

NEW ORNAMENTAL FOLIAGE GERANIUM, FREAK OF NATURE.

An improvement on Happy Thought. Foliage much smaller; habit very dwarf and branching; centre of leaf quite white. Novel, distinct, and wonderfully attractive. \$1.25 each.

GERANIUM, FREAK OF NATURE.

NEW AND NOVEL DOUBLE GERANIUM, FRIGHT.

A new double variety of very novel appearance; each flower distinctly striped white and scarlet, with fine large truss; very striking and unique; perfectly distinct from any other.

\$1.25 each.

NEW GOLDEN BRONZE GERANIUM, EMPEROR OF RUSSIA.

A most brilliant and well-marked variety, very dark zone and intense yellow edge. 50c. each.

NEW GOLDEN-LEAVED GERANIUM.

(The best yellow-leaved variety for bedding.)

Golden Jewel. A sport from Laxton's Jewel, of the same close, compact habit, with rich deep golden edge. Flowers double, and freely produced. A most valuable acquisition. \$1.00 each.

NEW SINGLE ZONALE GERANIUM.

Pink Queen. One of our seedlings, and decidedly the largest truss, as well as most beautiful rich pink flowers of this color; the habit is dwarf and compact, and the trusses borne on long stems. Every way a superb variety. 75c. each; \$6.00 per dozen.

NEW PURE WHITE ZONALE GERANIUM.

La Nymphe. Unsurpassed for its purity of color, never changing to pink, but remains of a snowy whiteness. Habit, dwarf and fine flowers, and trusses of good size, and blooming abundantly.

50c. each; \$4.50 per dozen.

NEW DOUBLE GERANIUMS.

(Selected from the collection of M. Lemoine and other celebrated growers in France.)

C. H. Hovey. One of the most beautiful varieties; umbels very large, on stems well elevated above the foliage; color, pale pink or deep blush; exquisite.

Duhamel du Monceau. Beautiful amaranth-violet.

F. V. Raspael. Immense umbels; rich, deep purple.

La Lorraine. Umbels colossal; flowers chamois-salmon, veined.

Louis Poirier. Umbels large, round; flowers beautiful rosy salmon, with large, fiery orange centre.

M. Machet. Umbels large; flowers orange-red, the outer petals rosy salmon.

M. Pasteur. Umbels spherical; flowers brilliant scarlet, reflected with orange.

Madame Bruant. Umbels very large; flowers apricot color.

M. Dalliere. Umbels large; flowers vermilion-red; fine.

M. Talabot. Enormous umbels; intense scarlet, striped white in the centre.

Madame Thiers. Umbels good size; pure white; one of the finest double whites.

M. P. Jaud. Umbels large; flowers pure rose color.

Nymphe. Fine large compact umbels of double white flowers, one of the best.

40c. each; \$3.50 per dozen.

GESNERA MACRANTHA.

A splendid plant, with pale-green, velvety foliage, and spikes of very large, brilliant scarlet flowers. A superb show plant.

\$1.00 each.

GREVILLEA ROBUSTA.

An old but rare plant, of remarkably vigorous growth, with very large, beautiful fern-like foliage, extremely graceful and ornamental, and very valuable for bouquets.

50c. each; \$4.50 per dozen.

GRIFFINIA HYACINTHINA.

A handsome bulbous plant, in the style of the Amaryllis, producing large umbels of bright blue flowers, very distinct and beautiful.

\$2.00 each.

NEW SPOTTED GLOXINIAS.

The spotted Gloxinias of M. Vallirand are most wonderful improvements on the older varieties. In addition to the varied and beautiful colors so generally known, the flowers are freckled or spotted all over in the most exquisite manner.

Alba Sulphurea.

Duc Decazes.

Feu Eternel.

Mlle. Angelina Martin.

Mlle. Marie Moreau.

M. Alphonse Lavallee.

Eugene Vallirand.

Baron de Rothschild.

50c. each.

HIBISCUS DENNISONI.

A new and splendid variety of the Chinese Hibiscus, producing large, pure white flowers, shading off to pale flesh. A constant and abundant bloomer.

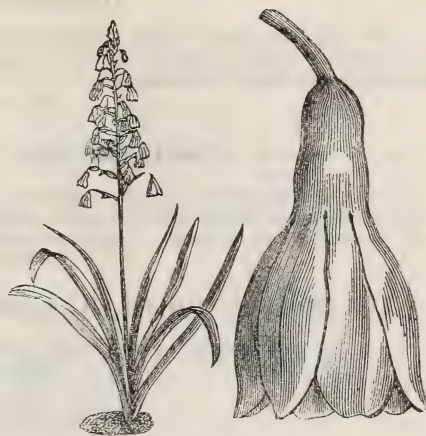

75c. each.

HIBISCUS COLLERII.

A remarkably distinct variety, introduced from the South Sea Islands. Flowers buff-yellow, with a crimson-scarlet base, and particularly handsome. Free blooming, and a great acquisition. 75c. each.

HIGGINSIA GHIESBRIGHTII VARIEGATA.

A beautiful foliage plant, with dark bronzy leaves, streaked and marbled with white; very ornamental. \$1.00 each.

**GLOXINIA.****HYACINTHUS CANDICANS.****HYACINTHUS CANDICANS.**

This new and elegant summer or autumn flowering bulb is one of the most valuable plants of recent introduction. It grows from three to five feet high, and the stems are terminated with spikes of twenty to forty bell-shaped flowers of snowy whiteness, somewhat resembling *Lapageria alba*. It is nearly hardy, requiring only the protection of a frame, and planted out in spring; blooms in September.

50c. each; large bulbs, \$1.00 each.

IMATOPHYLLUM VAN HOUTTEI.

One of the most magnificent of greenhouse plants. Similar in growth and color of the flowers to *I. Miniatum*, but with the individual flowers twice as large, and the head of flowers of enormous size. One of the most showy plants recently introduced. \$5.00 each.

LAPAGERIA ALBA.

This rare and lovely variety of the *Lapageria* produces numerous fine large bell-shaped flowers of a waxy white. Nothing can be more beautiful.

\$5.00 to \$15.00 each.

NEW LILY, LILIUM NEILGHERIENSE.

A magnificent lily, with delicious scented, long trumpet-shaped blossoms, of a pale straw color. \$2.50 each.

NEW LILY, LILIUM BATEMANII.

A new Japanese species, growing three to four feet high, producing ten to twenty richly colored unspotted flowers of a bright apricot color; very beautiful.

\$1.50 each.

MACKAYA BELLA.

This very beautiful plant is a native of Natal, and forms a handsome shrub with glossy foliage and branching habit. The flowers are bell-shaped and have a pale lilac corolla, two inches long, the throat most distinctly pencilled with purple veins. These appear in large drooping panicles and in such profusion as to form one dense mass of bloom. It is one of the finest greenhouse plants for decorative effect or for cutting for bouquets.

50c. each; \$4.50 per dozen.

OLEARIA HAASTI.

A New Zealand plant of neat, shrubby, myrtle-like habit, with silvery green foliage, the terminal shoots entirely covered with fragrant white flowers, which are very attractive and highly ornamental.

50c. each.

PHYLLANTHUS ROSEA PICTUS.

A plant of free growth and pretty habit, with handsome variegated foliage. Some of the leaves are bright crimson, some cream color, and others bronze, with blotches and spots of white or rose. It is a fine addition to our variegated-leaved plants.

50c. each.

NEW DOUBLE WHITE OLEANDER, MADONI GRANDIFLORUM.

A very beautiful pure double white variety, flowering abundantly.

\$1.00 each.

NEW OLEANDERS.

Atropurpureum Plenum. Semi-double, with very dark crimson flowers.

Le Brun. With very deep crimson flowers.

50c. each.

PELARGONIUM ELEGANTISSIMUM.

A very pretty compact-growing variety, with very small deep-green leaves; highly ornamental.

50 cents each.

NEW SHOW PELARGONIUMS.

The following are new and beautiful varieties of the latest introduction, selected when in bloom from the finest English and French collections:—

Aurora, rich, deep crimson-scarlet.

Beaute, white, slightly spotted.

Conductor, bright carmine, blotched with maroon; light centre.

Cecilia, dark velvet maroon, edged with rose, white centre.

Creusia, light rose, blotched with dark maroon.

Exchequer, maroon, bright crimson and rose; white centre.

Flirt, rich dark crimson and black.

F. A. Dickson.

Giant, rosy pink, lilac edge, white centre.

Judith, maroon, white centre.

Lora, maroon, margined with scarlet.

Le 20 Fevrier, orange-scarlet; white border, fringed.

Memereus.

Mad. Chas. Koenig, pure white.

Mabel.

Purple Gem, deep purple and black maroon; fine.

Reveille de la France, snow-white, carmine spot.

Sappho, rose and purple, white centre.

Scarlet Gem.

Triomphe de St. Maude, rich, deep crimson.

Victory, pink and orange, white centre.

Wm. Potten, rich mauve color.

50c. each; \$4.50 per dozen.

NEW REGAL OR DOUBLE PELARGONIUMS.

This name is applied to a splendid group of Pelargoniums, with flowers of very large size, having an extra number of petals. They are very rich and showy, and should have a prominent place in every collection.

Beauty of Oxtou. Rich dark maroon, with white margin.

Captain Raikes. Rich crimson, with blush-white margin.

Fire King. Brilliant scarlet, shaded. \$1.00 each.

Queen Victoria. Rich vermilion, broadly margined with white.

50c. each; \$4.50 per dozen.

NEW PHLOXES.

These are all beautiful new varieties, and great improvements upon the older kinds.

Chas. Wagner.

Crystal Palace.

Duquesne, white, large violet centre.

La Fayette, white, shaded brilliant rose.

Louise Schwartz, rose, dark eye.

Lucie Lemoine.

Mlle. Louise Chretien.

Mad. Henri Jacotot, the finest white.

Mad. la Comtesse de Lancosme, carmine, centre lake; enormous flowers.

Mount Sully, lilac shaded on the edge.

Rossini, violet and purple eye.

30c. each; \$3.00 per dozen.

NEW STRIPED PHLOX, YORK AND LANCASTER.

A splendid new French variety, with the habit of growth and general appearance of *P. Liervalli*. The flowers are violet, beautifully edged and striped with white.

30c. each; \$3.00 per dozen.

NEW DOUBLE CHINESE PRIMROSES.

The following are new and remarkably fine double varieties of the Chinese primula, of very vigorous habit, and flowers nearly as large as pinks, in very large, branching clusters. Some of the colors are entirely new and very beautiful. Ready for sale in May.

Blushing Beauty. White, suffused with rose; fine for cut flowers.

Exquisite. White, elegantly flecked with rose; dwarf habit and compact grower.

King of Purples. Rich, fine purple, free grower; vigorous and splendid flowerer.

Magenta Queen. Magenta-red, finely fimbriated.

Miss Eva Fish. Rose lilac, melting into blush, with white margin; extra large.

Mrs. Eyrie Crab. Beautiful white, spotted with red. A splendid variety.

Rubra grandiflora. Very fine crimson. Robust habit, large truss.

\$2.00 each.

NEW PURPLE-LEAVED CHINESE PRIMROSE.

A most distinct and beautiful variety, with rich, dark, bronze-colored, exquisitely cut leaves, borne on deep violet-purple stalks. Flowers clear paper-white. It is entirely new, novel, and highly attractive from the elegance of its conspicuous deep violet-colored foliage.

50c. each.

NEW DOUBLE POINSETTIA (PULCHERRIMA PLENA).

This new double variety of the Poinsettia differs from the old *Pulcherrima* in having a double or quadruple quantity of its brilliant scarlet bracts. After the first ones are full size, another lot of smaller ones appear, springing from the base, and making one dense head of scarlet leaves; it also lasts a much longer time in perfection.

\$1.00 each.

NEW SYRINGAS (PHILADELPHUS).

Philadelphus Dianthiflorus Plenus. Flowers very large and numerous, star-shaped, nearly double, producing bunches of five to seven in each. Hardy.

Philadelphus Primulæflorus. Double white, resembling the blossoms of the double white Chinese Primula. It was one of the most conspicuous plants at the Paris Exposition. Hardy.

Philadelphus Aureus. Rich golden foliage; very distinct and ornamental.

Philadelphus Keteleeri Flore Pleno. Producing an abundance of pure white, semi-double, very fragrant flowers. A very fine hardy shrub.

50c. each; \$4.50 per dozen.

NEW TEA ROSES.

The following are some of the newer and beautiful Tea Roses:—

Belle Lyonnaise. Deep canary yellow, changing to white.

Catherine Mermet. Delicate soft pink, very large, beautiful form

Comtesse Riza du Park. Deep salmon rose, tinged with crimson.

Cheshunt Hybrid. Purplish maroon shaded with crimson; fine.

Letty Coles. Very large, rosy pink, shaded with crimson.

Madame Alexander Bernaix. Deep rose to glossy pink, edged with white; very large and superb. \$1.00 each.

Perle du Jardines. Rich yellow, large, fragrant, and fine form; very free bloomer.

Souvenir Geo. Sand. Carmine, changing to amber.

50c. each, except those noted; \$4.50 per dozen; large plants 75c. to \$1.00 each.

PHILOTÆNEUM LINDENI.

A remarkably distinct and beautiful plant, with somewhat the habit of the *Alocasia*. The leaves are deep green, erect, nearly two feet long and one foot broad, and the surface is elegantly marked with white bands, which radiate from the central mid-rib. The most perfect and beautiful specimen plant recently introduced.

\$1.00 each.

NEW EARLY FLOWERING RHODODENDRONS.

These are new and handsome hybrids, with small, neat foliage and dwarf habit, producing a profusion of pink and rose-colored flowers, very early in the season, admirably adapted to a cool greenhouse, where they bloom abundantly in February and March, and valuable for bouquets.

Rhododendron præcox. Very early, with clusters of pink flowers.

Rhododendron multiflorum. A most profuse bloomer, with clusters of rose-colored flowers.

\$1.00 each; \$9.00 per dozen.

NEW SALVIAS.

Betheli. A very handsome dwarf, free growing and free blooming variety, with smooth, deep-green foliage, and spikes of large flowers of the brightest rose, continuing a long time in bloom. Very desirable for autumn decoration of the conservatory.

Pitcheri. Color intense ultramarine blue; flowers only medium size, but set close on the spikes; blooming abundantly all along the stems at the axils of every leaf. It will prove a most valuable variety for winter blooming, furnishing the most brilliant blue flowers for cutting for bouquets.

Bruanti. Similar to *Splendens*, but deeper colored, and fine for autumn and winter flowering, producing large spikes of an intense color.

Farinacea. A very pretty variety, growing two feet high, and covered throughout the summer with spikes of pale blue flowers.

50c. each.

NEW MOSSES (SELAGINELLA BELLULA).

An elegant plant from Ceylon, growing about a foot high, with successive branches set at short distances along the stem, the ultimate branches terminated by long tetragonal rigid spikes. A new and fine species.

\$1.00 each.

SELAGINELLA VICTORIÆ.

A subscent species from the South Sea Islands. The color is a dark grass green, the spikelets and young growth being of a paler and lighter hue. A new and elegant plant.

\$1.00 each.

NEW YELLOW TORENIA BAILLONI.

One of the greatest novelties of the year, from Cochin China. Similar in habit and growth to *T. Fournieri*, but the flowers are larger and of a rich golden yellow, with a brownish-red throat; very beautiful.

Seeds, 50c. per packet. Plants in May, 30c. each.

NEW YELLOW VERBENA (V. LUTEA).

This is said to be a fine yellow verbena, very distinct and beautiful.

Seeds, 50c. per packet; plants in May, 50c. each.

NEW PARMA VIOLET, MARIE DE SAVOIE.

A new variety, with enormous double flowers, measuring nearly three inches in circumference, of a superb azure blue, and large white centre. Superior to all other violets in the abundance of its flowers, its habit, and forcing qualities.

75c. each.

NEW VIOLET VICTORIA REGINA.

A large and beautiful single violet, with very dark purple flowers, and highly fragrant. It is a vigorous grower, and entirely hardy. Stems long and valuable for florists.

20c. each; \$2.00 per dozen.

NEW WEIGELIAS.

Edward André. Flowers large, dark velvety purple, with white stamens.

Gratissima. Dwarf, covered with flowers of a beautiful satiny rose.

Incarnata. Clusters of twenty to twenty-five reddish-carmine flowers.

J. Witner. A hybrid with *Diervilla*; rosy-carmine flowers.

Pêcheur Fils. Flowers violet-wine color, with white stamens.

Multiflora. A profuse-flowering variety, with dark-colored flowers.

50c. each; \$4.50 per dozen.

NEW FERN.

Davallia Mariesi. A new and very beautiful species, growing two to three feet high, with large spreading fronds, something like *D. Mooreana*, but more finely cut, and a more vigorous and robust grower.

\$1.00 each.

NEW DOUBLE GERANIUM, GLOW.

A superb seedling, very much in the style of *Bishop Wood*, but more intense in color. Fine habit and free bloomer.

75c. each; \$6.00 per dozen.

NEW AND SELECT PLANTS.

ABUTILON BOULE DE NIEGE.

A great improvement on the old white, being compact in habit, smaller in foliage, and an abundant bloomer; flowering freely all winter, and admirable for cutting for bouquets. 25c. each; \$2.25 per dozen.

ABUTILONS.

Erect-growing greenhouse plant, from two to six feet high, flowering during winter and spring, also in summer, in the open ground. The flowers are bell-shaped and pendulous, and are produced in abundance from the axis of the leaves.

Auguste Passewaldt, foliage splendidly variegated.

Aureum, flowers large, deep yellow.

Aureum maculatum, foliage beautifully variegated.

Boule de Nieve. (See description.)

Canary, pale lemon or canary color.

Darwini, cinnamon red flower.

Darwini tessellatum, foliage beautifully mottled with yellow.

Duc de Malakoff variegata, spotted foliage.

Insignis, white, striped with crimson.

Mesopotamicum, scarlet and orange.

Mesopotamicum var., blotched gold.

Pattersoni, large crimson flowers.

Rosæflorum, brilliant rose color.

Souvenir d'Arago, yellow-reined.

Thompsoni, mottled, golden-yellow.

John Thorpe, new; yellow.

Snowball, white.

25c. each; \$2.25 per dozen.

ACALYPHA MARGINATA.

Somewhat in the style of *A. Wilkesiana*, but the leaves are much brighter red, and margined with bronzy crimson. It is a most beautiful summer bedding plant. 50c. each.

ACALYPHA WILKESIANA.

A showy plant, with variegated foliage; leaves large, blotched, and streaked with chocolate, crimson, and bright red. Fine for bedding out. 30c. each.

ALTERNANTHERAS.

These are all beautiful dwarf plants, of a compact habit, growing about six inches high, and admirably adapted for edgings to flower-beds or ribbon lines, their beautifully variegated foliage of crimson, purple, yellow, pink, and green forming rich masses of color, always attractive, and highly ornamental.

Amæna, yellow, brown, and rose.

Amæna spectabile, new. Very brilliant, tipped with carmine-red.

Amabilis, yellow, scarlet, and green.

Latifolia, yellow, pink, and orange.

Latifolia magnifica, scarlet, yellow, and green.

Paronychoides, crimson, yellow, and green.

Versicolor, rose, tinted crimson.

20c. each; \$2.00 per dozen.

ACHYRANTHES.

All the *Achyranthes* are beautiful plants, and now are almost indispensable for bedding purposes, either in masses or in the ribbon style, their brilliant tinted leaves forming a marked contrast with all other plants.

Acuminata, large leaves, bright blood-red, mottled with crimson.

Acuminata aurea, yellow and green.

Aureus reticulatus, light green, with a network of golden yellow.

Emersoni, maroon and crimson.

Gilsoni, carmine, stems pinkish-violet.

Lindenii, erect habit; leaves blood-red.

Hoveyi, green, with red stems; rich golden veins.

15c. each; \$1.50 per dozen.

ACHYRANTHES WALLISI.

An entirely new and very beautiful species. It is much dwarfer and more compact in growth than *A. Verschaffeltii*, and the leaves, which are round, are also smaller and of a dark blood-purple, having an intense metallic tint, very brilliant in the sun. It has proved one of the finest plants for ribbon beds and masses of dark color.

20c. each; \$2.00 per dozen.

NEW ACHIMENES.

Diadem. Magenta shaded with carmine.

Harry Williams. Bright cherry.

Lady Littleton. Magenta, yellow eye.

Celestial. A very fine blue flower.

Georgiana Discolor. Beautiful variety.

Unique. Gray-pink and magenta.

Also, twenty-five of the older and most beautiful varieties.

25c. each; \$2.50 per dozen.

AGAVES, CENTURY PLANTS.

The Agaves are specialties of culture, and our collection embraces over sixty species. No plants are more decorative, or more effective for the conservatory in winter, or lawn or garden in summer. We possess many fine large specimens of the older kinds, the prices of which will be given on application.

Americana. Of all sizes.

variegata. Edged with yellow.

striata. Striped green and yellow.

medio pictus. Green with golden yellow centre. \$2.00.

Applanata. Long black, spiny points. \$1.00.

Filifera. White lines and filaments on the edges. \$3.00.

Filifera hybrida. Green, with filaments on the edges. \$3.00.

Longifolia picta. Long leaves, variegated with white. \$1.00.

Lætevirens marginata. Green, edged with pale green.

Milleri. Green, striped with white. \$1.00 to \$3.00.

Xylinacantha. Grayish green, with large spines.

50c. each, except those noted. Large size, \$2.00 to \$5.00 each.

AGAPANTHUS (AFRICAN LILY).

Showy and very handsome plants for the greenhouse, parlor, or garden, producing large heads of blue or white flowers on tall stems, which remain in perfection a long period. Wintered in the cellar or any cool place free from frost, and bedded out, they bloom all the latter part of summer.

Umbellatus. With large umbels of light-blue flowers.

Umbellatus alba. With large umbels of pure white flowers.

Umbellatus variegata. Variegated leaves and blue flowers. 50c. each; \$4.50 per dozen.

AKEBIA QUINATA.

A perfectly hardy and beautiful climbing plant, growing fifteen feet high, with trifoliate leaves and dark brown flowers; highly fragrant. We can recommend this as one of the best hardy climbers.

30c. each; \$3.00 per dozen.

AGERATUMS.

These are very handsome bedding plants, producing a profusion of bright blue flowers throughout the whole summer, and especially desirable for bouquets and cut flowers in winter.

Imperial Dwarf, blue flowers.

Mexicanum, flowers light blue; two feet high.

Mexicanum variegatum, beautiful, foliage edged with white.

Prince Alfred, a pretty variety, with bluish lilac flowers.

Tom Thumb, six inches, with porcelain-blue flowers.

15c. each; \$1.50 per dozen.

ALLAMANDA HENDERSONI.

This remarkably fine variety is one of the best yet introduced. The flowers are golden-yellow, very large, finely formed, thick, and wax-like, and tinged with brown on the outside; as an exhibition plant or hothouse climber, it is unequalled.

50c. each; \$4.50 per dozen.

Allamanda Wardleiana, \$1.00.

Allamanda Schottii, 50c.

Allamanda neriifolia, 50c.

Allamanda cathartica, 50c.

ALOCASIA MACRORHIZA VARIEGATA.

A magnificent plant, with very large foliage, conspicuously mottled with white; a splendid exhibition plant.

\$1.00 each; \$9.00 per dozen.

Alocasia metallica, \$1.00.

Alocasia Veitchii, \$1.00.

ALOYSIA CITRIODORA (LEMON VERBENA).

Always admired and prized for the delicate odor of its graceful and neat foliage; invaluable for bouquets.

15c. each; \$1.50 per dozen; large plants at higher prices.

VARIEGATED SWEET ALYSSUM (KONIGA).

One of the neatest growing and best of our dwarf variegated plants for beds or ribbon lines. It maintains its white variegation under the hottest sun. Flowers freely all winter.

20c. each; \$2.00 per dozen.

DOUBLE WHITE SWEET ALYSSUM.

The double white is one of the most beautiful plants, being of dwarf, compact growth, and covered throughout the whole summer, even up to November, with its masses of snowy blossoms. Valuable for cut flowers, as its blossoms do not drop.

20c. each; \$2.00 per dozen.

AMARYLLIS, PRINCE OF ORANGE.

A free-flowering variety, with clusters of large, brilliant scarlet flowers.

\$1.00 each; \$9.00 per dozen.

Seedlings, of a great variety of colors, some deep crimson and scarlet, others white, striped with scarlet. All fine kinds, raised from hybridized seeds.

\$1.00 to \$2.00 each.

AMPELOPSIS VARIEGATA, OR TRICOLOR.

A variety of the woodbine, the leaves of which are beautifully variegated with white, pink, and green, and brilliant blue berries.

Ampelopsis quinquefolia, or Virginia Creeper.

25c. each; \$2.25 per dozen.

AMPELOPSIS VEITCHII.

A new species of the woodbine, from Japan, which has proved entirely hardy. It grows as rapidly as the old Virginia Creeper, and attaches itself to any wall or fence. The leaves are small, and at first of an olive-green brown color, changing to bright scarlet in the autumn. It is one of the finest of our hardy climbers.

25c. each; \$2.25 per dozen.

ANTHURIUM CRYSTALLINUM.

This truly magnificent plant has fine large leaves of a rich dark olive-green color, the midrib and principal veins being bordered on each side with a bright silvery-white band. The young leaves are of a rich bronzy shade. It is without question one of the most effective plants of recent introduction.

\$2.00 each.

ANTHURIUM SCHERZERIANUM.

ANTHURIUM SCHERZERIANUM.

One of the most beautiful and striking plants of recent introduction, producing large, brilliant, scarlet, banner-like flowers at all seasons, each flower remaining in bloom two or three months. This beautiful plant should be in every collection.

\$1.00 to \$3.00 each.

Anthurium magnificum, \$1.00.

| Anthurium grande, \$1.00.

ANANASSA SATIVA VARIEGATA.

This is the very beautiful and showy Variegated Pineapple, always admired for the graceful habit of its long and beautiful-colored leaves, distinctly striped with bright yellow, and often tinged with pink. Admirable in the open air in summer.

\$2.00 to \$5.00 each.

AQUILEGIA CHRYSANTHA.

A new, hardy, and showy Aquilegia, with pale yellow flowers; grows three feet high, blooming freely and profusely all summer. It is a decided acquisition.

30c. each; \$3.00 per dozen.

**ARALIA PAPYRIFERA.**

One of the most picturesque plants, with very large palmate leaves on long stems, covered all over with a silvery pubescence. Fine for subtropical gardens.

50c. each.

ARALIA SIEBOLDI.

A superb subtropical plant, with very large, glossy, deep green, palmate foliage, attaining the height of three or four feet, and very ornamental.

50c. each.

ARDISIA CRENULATA.

A very ornamental greenhouse plant, with dark evergreen foliage, producing clusters of brilliant red berries.

50. each; \$4.50 per dozen.

ARISTOLOCHIA SIPHO (DUTCHMAN'S PIPE).

A vigorous and rapid-growing climber, attaining the height of twenty feet, perfectly hardy, with very large foliage and curious flowers, resembling the bowl of an old-fashioned pipe.

50c. each; \$4.50 per dozen.

ASPIDISTRA LURIDA VARIEGATA.

A greenhouse plant, with very large, long, green leaves, striped with white, Admirable for decoration or for Wardian cases.

30c. each; \$3.00 per dozen.

ASTILBE JAPONICA (SPIRÆA JAPONICA).

This is one of the prettiest of hardy herbaceous plants, growing about eighteen inches high, with neat foliage and dense spikes of pure white, feather-like flowers. For winter flowering and for bouquets it is very valuable, the foliage and flowers being alike ornamental.

30c. each; \$3.00 per dozen.

DOUBLE PÆONY-FLOWERED AND WASHINGTON ASTERS.

(Ready May 20.)

These varieties have now been brought almost to perfection. The flowers are very large, double to the centre, almost globular, and they are produced in such great profusion as to cover the plant. No garden can be complete without them, blooming as they do all through the autumn.

50c. per dozen.

NEW CHINESE AZALEAS.

The following are some of the very latest additions to our already extensive collection of this splendid flower. They are all distinct, and decided acquisitions:—

Alice. Double rose, blotched vermillion.
Baron de Vriere. White, undulated.
Bernhard Andrea Alba. White, double.
Comtesse de Beaufort. Brilliant rose, maroon spots.
Comtesse Eugenie de Kerchove. Pure white, striped cherry.
Dr. Moore. Bright rose, violet and white.
Konigin Cleopatra. White, striped with crimson.

Madame Gloner. Beautiful large white.
Madame Mendel. Bright orange-scarlet.
Madame P. de Schryver. Double violet rose.
Princess Louise. Rose, margined white, spotted carmine.
Reine de Portugal. White, striped.
Reine des Fleurs. Salmon, margined white.
Sigismund Rucker. Lilac-rose, white margin.
Vurwerk. Bright orange vermillion.

50c. each; \$4.50 per dozen.

AZALEA INDICA.

Are specialties of culture. One hundred and fifty of the very finest varieties, including all the leading sorts and new kinds of recent introduction.

25c. to 50c. each; \$2.00 to \$4.50 per dozen.

Large plants of many varieties, \$1.00 to \$3.00 each.

AZALEA MOLLIS.

New Japanese species of dwarf habit, with large trusses, and very large flowers of various shades of apricot, salmon, orange, and rose. Perfectly hardy, and one of the most valuable additions to our hardy shrubs.

\$1.00 to \$2.00 each, according to size.

DOUBLE BALSAMS.

Our Balsams are of the choicest description, perfectly double, symmetrical in form, and the finest colors. Ready May 20.

10c. each; \$1.00 per dozen.

NEW SCARLET BEGONIA (NEW SPECIES).

A new and splendid plant, of vigorous growth and compact habit, producing very large pendulous panicles of immense bright scarlet flowers, fully two inches long, blooming all winter; fine for bouquets.

50c. each; \$4.50 per dozen.

BEGONIA REX, ORNAMENTAL-LEAVED.

One of the most beautiful of foliage plants, and admirably adapted for baskets, Wardian cases, and ferneries, or for shady recesses in summer. The leaves are very large, variegated or zoned, with an attractive metallic surface. Ten varieties.

30c. each; \$3.00 per dozen.

NEW TUBEROUS-ROOTED OR BEDDING BEGONIAS.

This is a new class of Begonias, produced since the introduction of *B. Sedeni*, and particularly adapted for summer bedding. They are tuberous-rooted, remaining dormant in winter, and should be planted out in May in the same manner as the gladiolus. They grow readily, attaining the height of twelve or fifteen inches, and are covered with their very large flowers from July until frost.

Fine mixed seedlings, 25c. each; \$2.25 per dozen.

BIGNONIA VENUSTA.

One of the showiest and most beautiful climbers for the greenhouse; flowers through the winter months. The flowers appear in huge clusters, of the deepest orange color, and completely cover the plant.

50c. each; \$4.50 per dozen.

Bignonia Chamberlayni. Yellow, \$1.00.
grandiflora. \$1.00.

Bignonia jasminoides rosea. 50c.
radicans (hardy). 30c.

BOUVARDIAS.

Elegant plants, if planted out in good season, blooming all the latter part of summer. For the warm greenhouse and for bouquets they are invaluable, flowering all through the winter.

Bouvardia Bride. Blush.
Davidsoni. White.
elegans. Carmine.

Bouvardia leiantha. Scarlet.
Hogarth. Crimson.
sanguinea. Crimson-vermilion.

25c. each; \$2.25 per dozen.

BOUGAINVILLEA SPECTABILIS.

A splendid conservatory climber, of very rapid growth, producing thousands of exceedingly beautiful, rich, mauve-colored flower-bracts, which terminate all the shoots, forming pendent racemes two feet long.

50c. each; \$4.50 per dozen.

BEGONIAS.

These are popular and very handsome plants, easily grown, and adapted for pot culture or for bedding out for summer blooming. They are also very valuable for cut flowers in winter, their neat foliage and pretty blossoms giving variety as well as beauty to any bouquet. They grow best in a temperature of 65° during winter.

Argyrostigma. Flowers pink.
Digswelliana. Flowers rose color.
Dregei. Pure white.
Fuchsioides. Flowers scarlet.
Fuchsioides alba. Pure white.
Foliosa. White.
Glaucophylla scandens. Salmon.
Hybrida multiflora. Flowers rosy pink.

Nitida. Flowers light pink.
Parnelli. Bronzy-red foliage, spotted.
Palmata.
Robusta. Rosy-carmine flowers.
Rubricaulis. Foliage prettily shaded.
Saundersoni. Bright crimson; fine.
Subpeltatum nigricans. Large bronze leaves.
Weltoniensis. Rich deep pink.

25c. each; \$2.25 per dozen.

BRUGMANSIA SUAVEOLENS.

A very showy and beautiful plant, growing three to six feet high, with immense trumpet-shaped flowers six inches long; white and fragrant; blooming profusely.

50c. each; \$4.50 per dozen.

CANNAS.

A group of plants of a grand and tropical aspect, of tall and stately growth, with broad and massive foliage covered with bright scarlet, crimson, orange, or yellow flowers. The foliage also comprises the varied tints of light and pale green, and brown and chocolate, which add to the effectiveness and display of groups. The following are varieties which have been found admirable for large groups:—

Annei. Green leaves.

Gigantea. Purple-ribbed.

Marshal Vaillant.

Nepalensis. Green, yellow flowers.

Nigricans Metallica. Dark foliage.

Rendatleri. Purplish.

Tricolor. Pink, yellow, and green.

Zebrina. Zebra-like.

20c. each; \$2.00 per dozen.

CANNA.

NEW CANNAS.

The following are some of the newest Cannas, which have been greatly improved in habit, foliage, and particularly the flowers, many of which are very large and showy. For effective grouping and tropical effect, these Cannas are unsurpassed.

Alegatiere. Dark foliage, red flowers.

Aug. Buckner. Green, orange flowers.

Brenningsl.

Capucine. Dwarf, green leaves.

Gloire de Provence. Green, straw-colored flowers.

Helvetia. Dark orange flowers.

L'Etna. Green, large orange flowers.

Majesteuse. Immense green leaves.

M. Belmont. Green, orange flowers.

M. Cellar. Green, cherry-red flowers.

Picta. Distinct variegated foliage.

President. Bronze, cinnabar-red flowers.

Souvenir de Barillet. Brilliant red flowers.

Victoria. Green, yellow flowers.

25c. each; \$2.50 per dozen.

CALADIUM ESCULENTUM (CALOCASIA).

Plants with immense leaves, measuring two to three feet long and two broad, and growing four feet high, having a tropical aspect, and admirably adapted for single specimens for lawns.

Bataviensis, with large, deep-green leaves.

Plants, 25c. to 50c., according to size of roots; \$2.25 to \$4.50 per dozen.

CALADIUM.

CALADIUMS.

These are the most beautiful of summer greenhouse plants, unsurpassed in the varied and brilliant markings of their superb foliage, highly decorative, and invaluable for exhibition purposes. They are of the easiest culture, simply potting them in small pots in a sandy, peaty soil, and starting them in a warm bed, afterwards shifting them into larger pots. When the foliage begins to fade, dry them off and keep them in a warm situation, without water, till March, when they may be re-potted and treated as before. The following embrace some of the newest and finest varieties:—

Adolph Adam. White and rose spots.

Alfred Bleu. White spots, pink centre.

Auber. White and pink spots.

Argyrites. Dotted all over with white.

Baron de Rothschild. Blood centre.

Beethoven. White, centre rose.

Brongniarti. Dark crimson centre.

Bicolor. Nearly covered with deep red.

Baraquin. Large crimson centre.

Chantini. Spotted with crimson.

Charles Verdier. Spotted pale rose.

Belleymer. Covered with white spots.

Boisduval. Crimson, white blotches.

De Candolle. Rich green, rose-colored spots, white centre.

Devosianum. Dotted with white.

Devinck. Pink centre with white spots.

Dr. Lindley. Crimson centre, green ground, marked with rose.

Duchartre. White, flushed with rose.

Ed. Moreaux. Crimson, red centre.

E. G. Henderson. Flecked rosy spots.

Houlleti. Thickly spotted with white.

Halevy. White, crimson blotches.

Harold. Beautifully mottled.

Isidore Leroy. Green, crimson spots.

Keteleeri. Spotted with crimson.

Lamartine. Crimson centre, white spots.

Mad. Andrieu. Flecked with rosy spots.

Mad. Houillet. Pink and white spotted.

Meyerbeer. White leaf ground, with green veins and red midribs.

Napoleon III. Crimson, carmine spots.

Mozart. Delicate rose centre and veins.

Prince Albert Edward. Rich crimson midrib, densely spotted with white. \$1.00.

Pictum. Large white spots.

Reine Victoria. White, crimson spots.

Regale. Dark green, with silvery spots.

Rossini. Pink midribs and red blotches.

Raulin. Crimson and white spots.

Triomphe de l'Exposition. Crimson centre, red ribs and green border.

Wightii. White and pink blotches.

25c. to 50c. each; \$2.50 to \$4.50 per dozen.

MONTHLY CARNATIONS.

These are invaluable additions to every garden, blooming at all seasons of the year, and continuing in beauty the whole winter; fragrant, and indispensable for bouquets.

Astoria. Yellow, edged scarlet.
Beauty. Scarlet, veined; fine.
Boule de Niede. White, large.
Bock's Seedling. Bright pink.
Bright Eyes. White pencilled carmine.
Chester Pride. Variegated.
Crimson King. Dark crimson.
De Fontaine. Yellow and scarlet.
Donadi's Pride. Velvety crimson.
Florence Hovey. Carmine and white.
Gambetta. Orange and crimson.
Gauntlet. Bright carmine; fine.
Gibbonsi. Dark maroon; very large.
Henrietta. Striped rose and purple.
Henzley's Striped. Striped.
Henzley's White. Creamy White.
Isabella. Yellow and scarlet; fine.

Kelly's Seedling. Soft rose.
La Purite. Carmine.
Lillie Hovey. White.
Lord Clyde. White striped.
Lydia. Rosy orange and carmine.
Magnificent. (See Novelties.)
Ma Gloire. Yellow, edged scarlet.
Miss Joliffe. Pale pink.
President Degrauw. White.
Peerless. White.
Peter Henderson. Pure white.
Smith's Seedling. Scarlet.
Snowdon. White, dwarf; great bloomer.
Victor Hugo. Very dark crimson.
Washington. Deep purple.
Waverly. Crimson magenta.
White La Purite. Pure white.

25c. each; \$2.25 per dozen.

CALLA ETHIOPICA (EASTER LILY).

An old and favorite plant, which should be found in every collection, growing freely, and producing its large, pure white blossoms all winter.

30c. each; \$3.00 per dozen.

CALLA ETHIOPICA NANA.

A dwarf-growing variety, and with smaller flowers. Admirable for bouquets.

50c. each; \$4.50 per dozen.

CAMPSIDIUM FILICIFOLIUM.

A very beautiful climbing plant, with delicate fern-like foliage, of easy culture and rapid growth; adapted to the garden or house, and fine for decorative purposes.

25c. each; \$2.25 per dozen.

CAMELLIAS.

These magnificent plants, as well as Azaleas, are specialties of culture, and our collection of several thousand is the largest in the country, including all the finest kinds, and several seedlings never yet equalled, many specimens being fifteen feet high. We cultivate in quantity about twenty-five of the most popular varieties, — Double White, Candidissima, Wilderi, etc.

\$1.00 each; \$9.00 per dozen.

CENTAUREA CANDIDISSIMA.

A very showy and ornamental plant, with downy leaves of a clear, silvery hue, forming a compact bush, and admirable for forming lines or groups in contrast with the dark-leaved Coleus or Achyranthus.

30c. each; \$3.00 per dozen.

CENTAUREA GYMNOCARPA.

A plant of the general aspect of the Candidissima, but with more graceful and divided leaves, of a silvery-gray hue, which are slightly drooping.

25c. each; \$2.25 per dozen.

NEW SEEDLING CEREUS OR CACTUS.

The following are varieties of Cereus raised by us, and of the most remarkable beauty, flowering in the greatest profusion, with blossoms ten to twelve inches in diameter. Many of the colors are entirely new, being mauve, pink, salmon, or orange, shaded or tinted with the richest violet.

Exquisite. Orange-salmon, violet tint.

Mauve Beauty. Mauve, tinged violet.

Orange Gem. Orange, tinted violet.

Pink Queen. Beautiful mauve-pink.

Refulgens. Scarlet, with deep violet.

Superbum. Salmon, tinted magenta.

50c. each; \$2.50 for the set of six.

A large collection of all the finest varieties. 30 to 50 cents each.

CHINESE CHRYSANTHEMUMS.

The Chrysanthemum is an invaluable greenhouse and parlor plant, flowering at a season when there are few other plants in bloom. They are easily cultivated, grow in any good soil, and when well treated, produce an immense bloom throughout the fall and early winter months. Our collection includes the newest and finest varieties.

LARGE-FLOWERING VARIETIES.

Alarm. Magenta, shaded rose.

Amie Ferrier. White, tipped pink.

Alfred Salter. Large, delicate pink.

Bronze Jardin des Plantes. Bronze.

Duchess of Manchester. Rosy white.

Duke of Edinburgh. Rosy lilac.

Golden Queen. Golden yellow.

Golden Ball. Orange yellow.

Julia Lagravere. Rich crimson.

Jardin des Plantes. Golden yellow.

Lady Godiva. Sulphur white.

Le Grand. Rosy peach.

Lord Stanley. Orange amber, incurved.

Lady Talfourd. Soft, rosy lilac.

Mazeppa. Reflexed red.

Mr. Geo. Glenny. Light amber.

Mrs. G. Rundle. White, fine.

Mrs. Sharpe. Pink, incurved.

Miss Mary Morgan. Delicate pink.

Ne Plus Ultra. Rose.

Norma. Ivory white.

Pink Pearl. Small pink.

Pink Perfection. Pink, incurved.

Progne. Bright crimson.

Prince of Wales. Purplish violet.

Prince Alfred. Rosy crimson.

Queen of England. Blush white.

Venus. Lilac peach.

Virgin Queen. Snow white.

White Venus. Pure white.

25c. each; \$2.25 per dozen.

POMPONE CHRYSANTHEMUMS.

Bob. Dark crimson.

Boule de Nieve. White, yellow centre.

Canrobert. Beautiful yellow.

Duruflet. Rose-carmine.

Fairy Nymph. Pure white.

Justin Tessier. Red and orange.

La Fiancee. White, fringed.

La Gitana. White.

Mr. Astie. Yellow, anemone-flowered.

Marie Crouzet. Crimson.

Nelly. Canary-white, fine.

Mad. de Vetry. Rosy lilac.

Mad. Dommage. White; early; very fine.

Model of Perfection. Lilac-edged.

Niobe.

Prince Victor. Dark red-maroon.

Pasques Fleurs. Milk white.

Profusion. Deep blush.

Rosa Bella. White, tipped rose.

Stella. Yellow.

25c. each; \$2.25 per dozen.

JAPANESE VARIETIES.

Chang. Orange-red, yellow black.

Fair Maid of Guernsey. Pure white.

Golden Dragon. Bronze and gold.

Helen McGregor. Chestnut-red.

Lothair. Fine yellow.

Purple King. Bright purple.

Red Dragon. Red, tipped yellow.

The Sultan. Rosy purple.

The Cossack. Maroon and yellow.

Viceroy of Egypt. Crimson and white.

25c. each; \$2.25 per dozen.

CINERARIAS.

These are admirable greenhouse plants, blooming from January until June, where there is a succession of young plants. The colors embrace every shade of blue, purple, lilac, pink, crimson, and white.

30c. each; \$3.00 per dozen.

CLERODENDRON BALFOURI.

Undoubtedly one of the most beautiful of hothouse climbers. The flowers are brilliant scarlet, and their effect is greatly increased by being surrounded by a bag-like calyx of pure white. The flowers are produced in large panicles five or six inches broad, and generally drooping. It blooms continuously, and particularly during spring, when its elegant blossoms are in demand for choice bouquets.

30c. each; \$3.00 per dozen.

Clerodendron Bungei. Blooming all summer in the open ground. 50c. each.

Clerodendron fragrans, fl. pl. Very fragrant. 50c. each.

CISSUS DISCOLOR.

Unsurpassed in the rich marbling of its green and velvety purple leaves. It requires a high temperature during winter, but in summer and autumn it grows vigorously, and forms a superb plant. The leaves are beautiful for bouquets or baskets of flowers.

30c. each; \$3.00 per dozen.

CLEMATIS.

The new varieties of the Clematis are among the most beautiful of our hardy plants. They are naturally climbing plants, but the summer-flowering varieties may be treated as herbaceous plants, allowing them to cover the surface of the ground and pegging down the shoots. There are two distinct classes, one flowering in the old wood, which must not be cut down, and the other producing their flowers on the summer growth, and cutting them down rather strengthens and increases their vigor, inducing them to throw up stronger shoots and larger blossoms. We have classified them as spring or summer blooming.

1. SPRING-BLOOMING CLEMATIS.

(Producing their flowers on the old wood.)

Fair Rosamond. Blush white, wine bar. \$1.00.

John Murray. Deep purplish mauve.

Lady Londesboro'. Silver gray, pale bar.

Lord Mayo. Deep, rosy lilac. \$1.00.

Lord Derby. Lavender, anthers purple. \$1.00.

Patens Floribunda. French white.

Sir Garnet Wolseley. Bronze, purple bar, \$1.00.

Standishi. Light mauve purple.

DOUBLE FLOWERED VARIETIES.

Countess of Lovelace. Very double, deep bluish lilac. \$1.00.

Duchess of Edinburgh. Double white, fragrant. \$2.00.

Fortuni, fl. pl. Creamy white, fragrant. \$1.00.

J. G. Veitch. Lavender blue. \$1.00.

Lucie Lemoine. Large double white. \$1.00.

2. SUMMER AND AUTUMN BLOOMERS.

(Producing their flowers on the summer shoots.)

Duchess of Teck. Large, pure white. \$1.00.

Flammula. White, sweet-scented.

Henreyi. Large, beautiful creamy white.

Jackmani. Intense violet-purple.

Jeanne d'Arc. Large, grayish-white. \$1.00.

Magnifica. Reddish-purple, red bar.

Otto Frobel. Large, grayish-white. \$1.00.

Prince of Wales. Deep puce purple.

Rubella. Rich claret-purple.

Rubro violacea. Maroon-purple.

Thos. Moore. Puce violet, passifloralike.

50c. each; \$4.50 per dozen, except those noted. Large plants \$1.00 to \$2.00 each.

CLEMATIS JACKMANI.

This is undoubtedly one of the finest of all the numerous varieties. It is entirely hardy, and blooms profusely from June until frost. Its very large deep blue-purple flowers are highly ornamental.

Strong plants, \$1.00 each; \$9.00 per dozen. Second-size plants, 50c. each; \$4.50 per dozen.

CLEMATIS FLAMMULA.

An old but very beautiful species of the Clematis, known as the Virgin's Bower. It is perfectly hardy, grows from ten to twenty feet high, and profusely covered with large clusters of snowy-white, deliciously fragrant flowers.

30c. each; \$3.00 per dozen; large, strong plants, 50c. each.

COLEUS.

The introduction of the Coleus as a decorative plant has changed the aspect of our gardens. By their grand masses of crimson, bronze, and gold or green foliage, effects are produced which no array of the gaudiest flowers accomplishes. For planting in detached groups, or for forming ribbon lines, they are unequalled. The following comprise a varied and splendid collection of the best:—

Albert Victor. Red, yellow margin.

Butterfly. Crimson, golden margin.

Beauty of Widmore. Green, chocolate, and pink.

Bismarck. Crimson-maroon, golden border.

Chameleon. Purple, green, and rose.

Fascination. Pink and bronze; fine.

Golden Beauty. Crimson, yellow border.

Hollandi. Maroon, pale yellow, fringed.

Kentish Fire. Pink, carmine, and bronze.

Lady Burrill, or Shah. Lower half of leaf crimson, upper half golden-yellow.

Nellie Grant. Crimson centre, deep yellow edge

Little Miss Muffet. Yellow and crimson; dwarf.

Pictus. Yellow, chocolate, and green.

Pictus Hoveyi. Chocolate and orange.

Queen Victoria. Reddish crimson, golden edge.

Setting Sun. Crimson, yellow edge.

Sunlight. Light crimson, yellow edge.

Yellow-Bird. Yellow, veined crimson.

Fairmount Park. Edged with gold.

Crown Jewel. Claret, mottled crimson.

Zanzibar. Yellow and chocolate, fringed.

DARK OR VELVET COLEUS.

Crimson Queen. Brilliant crimson red.

Charm. Maroon, with green edge.

Emperor Napoleon. Dark chocolate-maroon.

Hero. Almost black; fine habit.

Multicolor. Chocolate and orange.

Spangle. Dark maroon, green edge.

Verschaffeltii. Rich velvety-crimson.

15c. each; \$1.50 per dozen; \$8.00 per hundred.

COBÆA SCANDENS VARIEGATA.

This is one of the very finest of variegated foliage plants; the variegation is not only distinct, but every leaf is broadly edged, yellowish at first, but becoming white, forming perfect festoons of silver and green, enlivened by its large, purple, bell-shaped flowers.

35c. each; \$3.50 per dozen.

Scandens. Purple, a rapid climber.

Scandens alba. White.

20c. each; \$2.00 per dozen.

CROTONS.

Beautiful variegated foliaged plants, for hothouse or for Wardian cases. The following are fine varieties:—

C. Discolor.

C. Interruptum.

C. Irregulare.

C. Maximum.

C. Longifolium var.

C. Pictum.

C. Undulatum.

C. Veitchi.

C. Weismanni.

C. Youngi.

50c. each; \$4.50 per dozen.

CURCULIGO RECURVATA.

Though not new, this is a plant not often found in collections. It has leaves three feet long, elegantly recurved and plaited the whole length. Its palm-like aspect renders it highly ornamental.

30c. each; \$3.00 per doz.

CYCLAMEN PERSICUM.

A superior strain, and superior in size, color, and general beauty to all others. Plants raised by us have been awarded numerous prizes. The flowers are now much used for bouquets.

30c. each; \$3.00 per dozen. Large plants, 50c. to \$1.00 each.

CYPERUS ALTERNIFOLIUS.

A greenhouse plant, with handsome foliage, forming a mass of reedy stems with broad, tufted heads; highly ornamental in the greenhouse or garden, and a fine plant for Wardian cases.

30c. each; \$3.00 per dozen.

CYPERUS ALTERNIFOLIUS VARIEGATUS.

Similar in habit and growth to the *Alternifolius*, but the stems and leaves are beautifully variegated with white.

50c. each.

DAHLIAS.

Our collection of Dahlias comprises only the very finest varieties, having discarded all inferior flowers. Our assortment includes more than fifty named sorts, in addition to those described, of all the various shades of color. Dry roots are now ready for sale, and strong plants in May.

20c. each; \$2.00 per dozen.

NEW DAHLIAS.

The following are new and magnificent flowers, which have never yet been equalled, and a wonderful advance on the older kinds. In form, novelty of color and free-blooming qualities, they far surpass any we have ever grown. Have received numerous first-class certificates.

Alexander Cramond. Shaded maroon, very large, grand flower.

Acme of Perfection. Yellow, fine.

Beauty of Wilts. Striped, crimson and buff.

Countess of Pembroke. Shaded fawn, tipped violet-purple.

Carnation. White, flaked rosy purple.

Cremorne. Yellow tip, red, fine form.

Fanny Sturt. Red, tipped white.

Flora Wyatt. Orange, flaked red.

Grand Duchess. Scarlet and crimson striped.

George Goodall. Scarlet, fine.

Grand Sultan. Buff, striped red.

Henry Walton. Yellow, edged vermillion.

Her Majesty. White, edged purple.

John McPherson. Rich, violet-purple.

John Cocker. Blackest of all dahlias.

James Cocker. Very rich purple.

Julia Davis. Magnificent yellow.

John Lamont. Maroon, striped black.

Leah. Yellow, tinted rose.

Lady G. Herbert. Orange, edged crimson.

Letty Coles. Rose red, striped.

Mrs. Boston. Beautiful lilac.

Mrs. Bunn. White, striped purple.

Mrs. C. Smith. Maroon, edged white.

Mrs. Chas. Smith. Puce, tipped white.

Mrs. Charles Kimberley. Deep blush.

Mrs. Stancomb. Canary, tipped fawn.

Maria Gerring. White, striped purple.

Miss Large. White, striped purple.

Miss Lily Large. Spotted crimson.

Maggie Smith. Fine blush.

Ovid. Grand purple.

Octoroon. Purple and white stripes.

Prince Arthur. Clear yellow, beautiful.

Prince of Prussia. Shaded lilac.

Prospero. Crimson, tipped purple.

Queen of Beauties. Pale straw, tipped purple.

Rev. Dr. Moffat. Dark mulberry.

Rev. J. B. M. Camm. Yellow, flaked red.

Sarah McMullen. Soft mauve pink.

Star of the Morning. Orange-buff.

Startler. Very dusk, tipped white.

Thomas Goodwin. Very dusk, extra.

Wm. Keynes. Very grand, orange.

Wm. Lucas. Yellow, edged with puce.

25c. each; \$2.25 per dozen.

POMPONE OR BOUQUET DAHLIAS.

This new class is highly valuable, and adds to the novelty as well as beauty of a collection. The varieties are distinguished for their profusion of extremely elegant miniature blossoms, some of the size of a ranunculus flower. They are highly decorative, from their compact habit and smaller growth, and the profusion of flowers borne on tall stems above the foliage.

Ardens. Brilliant, light scarlet.
Advance. Orange and crimson.
Bessie. Buff, shaded red.
Black Dwarf. Dark maroon.
Bertha von Boven. Amber.
Burning Coal. Yellow, tipped red.
Crimson Beauty. Maroon-crimson.
Col. Sherman. Light crimson.
Cupid. Ochre-yellow, bronze tip.
Diana. Delicate rose.
Floribunda. Rich carmine-red.
Little Kate. Velvety purple.
Little Willie. Pale pink.
Little Gem. Buff.
Linda. Orange.
Little Wilhelmina. Primrose.
Prince of Liliputs. Maroon.

Fairy Child. Crimson and white.
Grafula. Blush, striped red.
Gem. Crimson.
Gold Light. Straw-color and white.
Glow-Worm. Yellow, tipped red.
Honeycomb. Maroon crimson.
Little Dear. Blush-white, tipped violet.
Lilia. Rich carmine, tinted rose.
Little Elizabeth. Rosy lilac, tipped.
Little Helen. Rosy lilac, tipped purple.
Little Model. Crimson, white centre.
Prima Donna. Blush and amber.
Peasant Girl. White, edged crimson.
Sunshine. Scarlet.
Schmitz Defiance. Scarlet.
Ultimatum. Maroon.
Wilhelmina. Orange amber.

25c. each; \$2.25 per dozen.

DWARF OR BEDDING DAHLIAS.

Alba floribunda nana. Pure white.
Beaute des Massifs. Orange-scarlet.
King of the Dwarfs. Purple-crimson.

Princess. Pure white; very fine.
Tom Thumb. Rich deep purple.
Zelinda. Purple-crimson.

20c. each; \$2.00 per dozen.

NEW GREEN-FLOWERED DAHLIA (D. VIRIDIFLORA).

A new, curious, and very handsome Liliputian or Pompone Dahlia, of dwarf habit, with perfect-shaped blooms, of a clear, deep, shining green, remaining in perfection a long time. It is really a novel acquisition.

25c. each; \$2.50 per dozen.

DAISIES.

A collection of the most beautiful double varieties, of various colors.

White.
White Quilled.
Old Red.

White, tipped with pink.
Blush.
Crimson.

15c. each; \$1.50 per dozen; \$3.00 per hundred.

DAPHNE ODORATA AND RUBRA.

Two of the most fragrant and beautiful greenhouse plants.

50c. each.

DIEFFENBACHIA BAUSEI.

The finest of all the Dieffenbachias. A stocky-growing, broad-leaved variety, of dwarf habit, with leaves of a yellowish green, irregularly edged and blotched with dark green, and also spotted with white. A striking and distinct hybrid.

\$1.00 each.

D. Baraquini. Stalks pure white, leaves pale green. \$1.00 each.

D. Maculata. Green, spotted with white. 50c.

DRACÆNAS.

These are all very showy, exotic-looking plants, of erect and stately growth and handsome foliage, most of them deep, bronzy red and bright crimson, forming conspicuous ornaments in the greenhouse. For centres of baskets or rustic stands they are especially brilliant and beautiful.

Australis. Long, deep green leaves.

Amabilis. Pink and white leaves.

Braziliensis. Large green leaves.

Baptisti. Crimson, striped with pink.

Chelsoni. Crimson and bronze.

Cooperi. Purple and red foliage.

Draco. Long, glaucous green leaves.

Ferrea. Dark purple foliage.

Guilfoyli. White and rosy red.

Hendersoni. Striped white and pink.

Imperialis. Changing to bright red.

Indivisa. Long, narrow, deep green.

Magnifica. Crimson, pink, and rose.

Macleayi. Very dark bronze.

Mooreana. Light reddish crimson.

Nigrescens. Black and crimson.

Nigro-rubra. Dark, shaded crimson.

Regina. Green, changing to pure white.

Shepherdii. Striped, changing to orange.

Youngii. Light green, changing to copper.

Terminalis. Dark red and bright crimson.

50c. each; \$4.50 per dozen. Large plants, \$1.00 to \$2.00 each.

ECHEVERIA AGAVOIDES.

A rare and beautiful species, difficult to procure. It is, without doubt, one of the most unique and symmetrical-growing plants. It has a rosette of short, compact, fleshy, grayish-green pointed leaves, imbricated from circumference to centre.

\$1.00 to \$2.00 each.

ECHEVERIAS.

An elegant group of plants, now extensively used for carpet-bedding and planting out in masses, where they produce the most charming effect. They are also beautiful objects for greenhouse culture, some of them producing immense quantities of bright orange-colored flowers. They will flourish in any poor soil.

E. californica.

E. glauca metallica.

E. metallica.

E. pumila.

E. racemosa. Red-leaved.

E. retusa glauca.

E. retusa floribunda splendens.

E. rosacea.

E. sanguinea. Dark-leaved.

E. secunda.

E. secunda glauca.

E. secunda major.

20c. each; \$2.00 per dozen; \$5.00 to \$10.00 per hundred.

EPIPHYLLUM TRUNCATUM.

Beautiful winter-flowering plants, blooming profusely from November to February, and highly decorative, as well as useful, for bouquets.

30c. each; \$3.00 per dozen.

ERIANTHUS RAVENNÆ.

A hardy ornamental grass, growing ten feet high, similar to the pampas grass; very showy for lawn decoration. It grows rapidly, and young plants bloom freely, although it does not attain its massive proportions and beauty for two or three years.

25c. each; \$2.25 per dozen.

ERYTHRINA CHRISTA GALLI OR CORAL TREE.

A magnificent plant, growing three to four feet high, and covered with gorgeous spikes of very large, blood-crimson flowers, one to two feet long. Requires the same treatment as the Dahlia.

50c. each; \$4.50 per dozen.

EUPHORBIA AMAZONICA.

One of the loveliest of flowering plants, blooming two or three times a year, producing long stems terminated with five or six pure white flowers, four inches in diameter and very fragrant. It requires a warm temperature and plenty of moisture. The flowers are in demand for bouquets.

75c. each; \$7.50 per dozen.

EUONYMUS LATIFOLIUS ELEGANTISSIMUS.

The most distinct of this group; of compact habit, with green and gold leaves, which retain their variegation. A fine acquisition.

50c. each; \$4.50 per dozen.

EUONYMUS RADICANS VARIEGATUS.

A dwarf-growing and very beautiful plant, with slender shoots and small box-like foliage, deep green, edged with white, and bright pink on the under side. It may be grown as a climbing plant, like the Ampelopsis, or as a dwarf for edgings; it is quite hardy, and a very beautiful plant.

25c. each; \$2.25 per dozen.

EUONYMUS TRICOLOR.

A beautiful variety, with glossy, ovate, green leaves, distinctly margined with golden yellow, and striped with pale yellow.

Euonymus latifolia aurea var.
argentea variegata.

Ovata aurea var.
flavescens. Golden leaves.

30c. each; \$3.00 per dozen.

EUPHORBIA JACQUINIFLORA.

A fine hothouse plant, flowering in winter, producing long, wreath-like spikes of very brilliant orange-scarlet blossoms.

30c. each; \$3.00 per dozen.

EUPHORBIA SPLENDENS.

A spiny and curious-looking plant, blooming abundantly at all seasons, producing scarlet clusters of flowers; very valuable for button-hole bouquets.

30c. each; \$3.00 per dozen.

EURYA LATIFOLIA VARIEGATA.

One of the most beautiful of variegated half-hardy plants. The habit is similar to the Camellia, and the leaves, which are about the same size, are distinctly edged with silvery white. As a specimen plant it is unsurpassed.

50c. each; \$4.50 per dozen. Large plants, \$1.00 each.

EULALIA JAPONICA VARIEGATA.

A new, distinct, and very ornamental grass, of easy culture, and said to be hardy. The leaves are long and narrow, and striped white and green. The flower stem is from four to six feet high, and is terminated with a cluster of flowers, the flowers being arranged on separate stems, but forming a large head or panicle of blossoms, which, from their silky texture, have a beautiful feathery appearance, and when cut retain their beauty a long period.

Plants, \$1.00 each; small, 50c. each.

FERNs.

These beautiful plants are made a specialty of culture, and our collection comprises more than one hundred and fifty of the finest kinds, suitable for the greenhouse, hot-house, or for fern baskets and Wardian cases. The list is so extensive we name only a few of those grown in quantities, viz. :—

Adiantum cuneatum.

formosum.

macrophyllum.

pubescens.

Asplenium auritum.

bulbeferum.

Fabianum.

Blechnum braziliense.

occidentale. 50c.

Cyrtomium falcatum.

Gymnogramma.

chrysophylla.

peruviana. \$1.00.

Wettenhalliana. 50c.

Gymnogramma ochracea.

tartarica. 50c.

Lomaria gibba.

Nephrodium corymbiferum.

Nephrolepis exaltata.

Onychium japonicum.

Platynerium alcorni. 50c.

Pteris cretica albo lineata.

argyrea (silver fern).

geranifolia.

serrulata.

serrulata cristata.

tremula.

Polystichum proliferum.

And a great number of rarer and finer species.

30c. each, except those noted; \$3.00 per dozen. Young plants, \$8.00 to \$12.00 per 100.

NEW FERNS.

Adiantum Gracillimum. An elegant Fern, with very light, graceful fronds.

Adiantum Crispulum. bright green.

Adiantum Fissum. Rich dark green.

Adiantum Concinnum Latum. Very handsome.

Adiantum Magnificum. Pinnæ beautifully undulated.

Adiantum Excisum Multifidum. Very handsome.

Adiantum Farleyense. A splendid Fern. 50c. to \$2.00.

Davallia Tenuifolia Stricta. One of the most beautiful Ferns.

Davallia Mooreana. Fronds three feet long, pale green. Price, 50c. each.

Davallia Tyermani. Handsome, rich deep green. 50c. each.

Gymnogramma Decomposita. Finely cut leaves. 50c. each.

Gymnogramma Sulphurea. 50c. each.

Nephrolepis davalloides furcans. Beautiful, long, arching fronds, crested all along the ends of the pinnæ. 50c.

30c. each, except those noted.

DOUBLE WHITE FEATHERFEW (PYRETHRUM).

One of the most popular and admired of summer bedding plants, producing an abundance of double white flowers all summer.

20c. each; \$2.25 per dozen.

FICUS ELASTICA (INDIA-RUBBER TREE).

A noble-looking plant, with very large, thick, glossy-green leaves; admirable for planting out in summer, and one of the most decorative for the conservatory or parlor in winter.

\$1.00 each; \$9.00 per dozen.

Ficus Cooperi. Very ornamental; dark green, with red midrib. 50c. each.

Ficus Australis. Similar to *F. Elastica*, but with smaller leaves. 50c. each.

Ficus Bengalensis. Large leaves, fine for subtropical gardens. \$1.00 each.

FICUS PARCELLI.

A very grand addition to our variegated plants from Brazil. The leaves are as large as *F. Elastica*, but thinner in texture, and serrated on the edge. They are bright green, irregularly and profusely blotched with creamy white.

50c. each; \$4.50 per dozen.

FITTONIA VERSCHAFFELTII.

All the Fittonias are beautiful plants of dwarf growth, with soft, velvety leaves, marked or reticulated with gold or silver veins. Fine for Wardian cases.

30c. each.

Fittonia argyryneura. 30c.

Fittonia Pearcei. 30c.

FUNKIA VARIEGATA.

A very showy plant, with broad, green leaves, beautifully striped with white; quite hardy, and very ornamental either for edgings or beds.

Funkia alba. 50c.

Funkia cœrulea.

25c. each, except those noted; \$2.25 and \$4.50 per dozen.

NEW FUCHSIAS.

The following are new, distinct, and very beautiful varieties, which cannot fail to become prominent favorites:—

First of the Day. Scarlet tube and sepals and rose corolla.

Miss Lucy Finis. Corolla pure white, very double; tube and sepals coral-red.

Swanley Gem. Tube and sepals coral-scarlet, and a lovely rose corolla.

30c. each.

FUCHSIA, LUCIE LEMOINE.

A new dwarf and very free-flowering variety, with scarlet sepals and double white corolla, flowers of immense size; very early, and the best variety for market purposes.

30c. each; \$3.00 per dozen.

FUCHSIAS.

Fuchsias are popular and generally admired plants, adapted for the greenhouse, parlor, or garden; growing freely, and blooming all summer. Our collection comprises all the free-blooming and best sorts.

DOUBLE FUCHSIAS.

Avalanche. Crimson, corolla dark violet.

Bismarck. Corolla maroon, sepals scarlet.

Deutsche Kaiser. Rosy crimson, corolla pink.

Garibaldi. Dense blue corolla.

Elm City. Large and fine; double.

Le Globe. Scarlet-white corolla.

Marquis de Bellefonte. Crimson, petals blue violet.

Tower of London. Coral scarlet, violet-blue corolla.

Vainqueur de Puebla. Bright red, corolla white.

War Eagle. Crimson, corolla blue, striped rose.

SINGLE FUCHSIAS.

Blue Beauty. Scarlet, corolla dark blue.

Brilliant. Bright scarlet, sepals white.

Carl Halt. Crimson, striped white.

Cedo Nulli. Scarlet, crimson-purple corolla.

Elise d'Amour. White, rose corolla.

Excellent. Red, crimson-purple corolla.

Fairest of the Fair. White, rich violet corolla.

Lady Dorothy Neville. Bright carmine, corolla mauve pink.

Leah. White, corolla purplish crimson.

Lustre. Scarlet corolla, blush sepals.

Mrs. Ballantyne. Bright scarlet, corolla large, very double.

Mrs. H. Cannell. Double white corolla, scarlet sepals.

Mrs. Marshall. White, corolla pink.

Monarch. Light scarlet, corolla crimson.

Phenome. Scarlet, crimson corolla.

Rose of Castile. White, corolla rosy purple.

Sedan. Pink, dark pink corolla.

Speciosa. Long flowers, blooming all winter.

Standard. Rosy pink; corolla double; violet-purple.

Starlight. Waxy-white, rose corolla.

Sunray. Beautifully variegated bright crimson foliage, edged with white.

Syringæflora. Immense clusters, like lilacs; flowers in winter.

Warrior. Scarlet, corolla light cherry.

Wave of Life. Foliage yellow, corolla violet, sepals scarlet.

Weeping Beauty. Scarlet, mauve corolla.

30c. each; \$3.00 per dozen.

GOLDEN-LEAVED FUCHSIAS.

Golden Treasure. Gold-color, tinted with bronze.

Orange Boven. Yellow, tinted with bronze.

Gracilis Variegata. Variegated; small habit.

Meteor. Yellow and crimson, distinct.

30c. each; \$3.00 per dozen.

DOUBLE GERANIUMS.

The following are new and decidedly marked improvements upon the older kinds. The plants are dwarfer and freer-flowering, and the colors new, novel, and splendid, embracing all the varied shades of crimson, purple, and magenta.

Anna Montel. Rose, tinted violet.
Auguste Villaume. Fine, orange flowers.
Asteroides. Dark-red flowers; very fine.
Asa Gray. Orange-salmon.
Bishop Wood. Scarlet, tinted magenta.
Bataclan. Enormous trusses, deep violet-purple.
Casimir Perrier. Orange, bordered with salmon.
Candidissima Plena. Snow-white.
Dame Blanche. Superb white flowers.
Depute Ancelon. Dark magenta-rose.
Edward Leguin. A lovely shade of purple.
Edmond About. Enormous trusses, clear red, lighter on the edges.
Emile Girardin. Immense trusses, of a beautiful rose color.
Gambetta. Immense trusses, deep red.

Geo. Sand. Fine, large white.
Guillion Mangilli. Dazzling crimson, shaded scarlet; extra.
J. C. Rodbad. Orange-scarlet; fine.
L'Avenir. Violet-purple.
L'Anne Terrible. Fiery scarlet.
Madame Thibaut. Carmine-rose.
Mons. Dibos. White, centre pale rose.
La Constitution. Brilliant orange-salmon, the best of this color.
M. Gelin Lowagie. Very large trusses, fine orange-red.
M. de Marcere. Rosy violet, large trusses.
Simon Delaux. Purple and violet.
Wilfred. White; free bloomer.

25c. each; \$2.25 per dozen.

ZONALE GERANIUMS.

The Zonale Geraniums are among the most valuable bedding plants for our warm climate, growing freely, and flowering profusely all summer. They will flourish in almost any soil, and for large beds they produce masses of color not equalled by any other plant. Our collection embraces all the finest varieties of recent introduction.

Alice Spencer. Pure white, pink eye.
Amaranth. Pink, shaded purple.
Aurora. Salmon, white eye.
Blue Bell. Bluish pink; large.
Beauty of Waltham. Crimson-scarlet.
Buttonhole. Scarlet; small flower.
Bismarck. Dark velvety scarlet.
Cham. Purple scarlet, white eye.
Clio. Magenta; fine truss; good bedder.
Christine Nilsson. Best pink bedders.
Crimson Beauty. Crimson-scarlet.
Craven Fox. Rosy scarlet.
Delight. Light pink nosegay.
Darkness. Very dark crimson.
Dr. Koch. Deep purplish-crimson.
Firefly. Bright vermilion; large truss
Florence.
Gen. Grant. Brilliant scarlet.
Gloire de Corbeney. Salmon, shaded.
Haidee. Magenta, shaded with blue.
Heartsease. Almost purple; fine form.
H. Greeley. Crimson-purple, white eye.
H. H. Hunnewell. Enormous trusses.
Incomparable. Deep scarlet, fine shape.
Ianthe. Purple crimson; large.
Jean Silsey. Scarlet, white eye.
Lady C. Kennedy. Intense scarlet.
Lord Derby. Scarlet; very large.
Lord Mayo. Deep scarlet; white eye.
Mrs. George Gordon. White, pink eye.

Mrs. Augustus Miles. The finest pink.
Mrs. Wm. Paul. Delicate rose pink.
Madame Vaucher. White; dwarf.
Madame Mezard. Clear violet-rose.
Miss Gertrude. Beautiful salmon.
Miss Gladstone. White, pink centre.
Madame E. Buenzoid. Delicate rose.
Mrs. Keeler. Soft, rosy pink.
Master Christine. Magenta-pink.
Mrs. E. Grover. Bright magenta.
Mrs. F. Burnaby. Fine lilac-pink.
Nelson. Magenta-crimson.
Polly King. Light salmon color.
Peter Selby. Cerise-scarlet, white eye.
Queen's Messenger. Light scarlet.
Rienzi. Scarlet; large, and fine form.
Renown. Light orange-scarlet.
Remus. White, with clear lake eye.
Sir C. Napier. Bright scarlet.
Sir John Moore. Intense bright scarlet.
Sir. C. Campbell. Salmon, white eye.
Truth. Salmon-pink; fine.
Vesuvius. Brilliant scarlet.
Virgo Marie. Pure white.
Wellington. Maroon-crimson.
White Perfection. Pure white.
Winterflora. Magenta-scarlet.
Welbeck Park. Deep pink.
White Clipper. The finest white.
White Tom Thumb. Pure white.

25c. each; \$2.25 per dozen.

NEW ZONALE GERANIUMS.

Dawn of Day. Salmon, white eye.
Jules Grevy. Very bright pink.
Jealousy. Nearest approach to yellow.
London. The largest scarlet ever raised.

Mrs. Durell. Bright pink, fine truss.
President Wilder. Rosy salmon.
Snowflake. Immense trusses, white.
Viscount de Nadaillac. Orange-scarlet.

30c. each; \$3.00 per dozen.

NEW STRIPED GERANIUM, NEW LIFE.

This very beautiful carnation-striped Geranium has created much excitement among English cultivators, where it was introduced, carrying off the prize at numerous horticultural shows as the most novel and distinct variety in cultivation. Color bright scarlet, distinctly flaked with white, like carnation.

50c. each; \$4.50 per dozen.

NEW WHITE GERANIUM, VESUVIUS.

A sport from the well-known and fine variety Vesuvius, having the same dwarf, compact, and free-flowering habit, with pure white flowers.

30c. each; \$3.00 per dozen.

NEW SILVER TRICOLOR GERANIUMS.

Empress of India. Distinct chocolate and carmine zone.
Lady Dorothy Neville. Leaves smooth, finely rounded, and regularly marked with a broad band of deep, fiery crimson.
Miss Farren. Leaves bright green, black zone, cream-colored margin.
 \$1.00 each.

GOLDEN TRICOLOR GERANIUMS.

Nothing can excel the brilliancy and beauty of the tricolor geraniums, a combination of yellow, bronze, crimson, scarlet and green, so exquisitely blended as to attract universal admiration. Our collection is the finest and most extensive in the country. Every new variety of merit is added to our stock.

Achievement. The most beautiful of the tricolors. \$1.00.
Countess of Tyrconnel. Light yellow margin, carmine zone.
Countess of Flanders. Broad zone of black, flamed with crimson.
Edward Milner. A fine, showy variety, of rapid growth.
Ealing Rival. Dark red zone, with bright yellow margin.
Enchantress. Dark zone, belted with carmine-scarlet. \$1.00.
Florence. One of the best; zone very rich and bright; vigorous grower.
Lady Cullum. Crimson ground, suffused with brilliant flame color.
Louisa Smith. Distinct zone of bright red and black, and light green centre.
L'Empereur. Similar to the last; habit vigorous, and foliage beautiful.
Lady Manvers. Broad zone of chestnut, belted with crimson.
Lady Sheffield. Very deep red zone, yellow margin; one of the best.
Last of the Clan. Broad, brilliant scarlet zone, indented with dark chocolate.
Masterpiece. Blackish zone, with crimson lake margin. \$1.00.
Mrs. Dunnett. A splendid tricolor, with intensely dark zone. \$1.00.
Mrs. Pollock. Zone of bronze, crimson, and scarlet, and margin of yellow.
Mrs. H. Little. Scarlet zone, and distinct golden edge. \$1.00.
Macbeth. Bronze zone, with bright scarlet ring; a remarkably strong grower.
Mrs. Turner. Very bright zone, and strong grower.
Plutarch. Broad black zone, bordered with scarlet-crimson.
Peter Grieve. Leaves green, rich red and black zone, yellow margin.
Prince of Wales. Of most vigorous habit and intensely brilliant colors. \$1.00.
Sunset. Beautiful; rich scarlet-tinted zone, broad golden margin.
Sophia Cusack. Deep yellow margin, and brilliant-flamed scarlet zone.
Sophia Dumaesque. Deep and bright zone, and bright golden margin.
Sultana Valida. A splendid tricolor, bright straw-yellow margin. 50c.
Sultan Abdul Aziz. Zone dark scarlet, light golden margin. 50c.
Wm. Sandy. Dwarf, good habit; narrow scarlet zone.

30c., except those noted; \$3.00 per dozen.

SILVER-MARGINED ZONALE GERANIUMS.

Bijou. Distinct foliage; scarlet flowers.
Flower of the Day. Scarlet flowers.
Italia Unita. Zone carmine-rose; margin white.
Lass O' Gowrie. Margin white, with zone of brilliant carmine.
May Queen. Snow-white margin.

Mrs. John Clutton. Pink zone. 50c.
Prince Silverwings. Silver and gold.
Princess Beatrice. Scarlet zone.
Perfection. Clear white margin.
Queen of Hearts. Pink zone.

30c. each; \$3.00 per dozen.

GOLDEN BRONZE AND GOLDEN GERANIUMS.

This class is destined to become the most popular of the Fancy Geraniums; the foliage is not quite so striking as the tricolors when in perfection, but when their general qualities, either as bedding plants or pot-plants, are taken into consideration, they will be found fully as effective and satisfactory.

Beauty of Oulton. Bronze zone.
Black Douglas. Very dark zone.
Crystal Palace Gem. One of the finest bedders in the whole group.
Earl of Roslyn. Dark zone, with broad edging of yellow.
Emperor of Brazil. Chestnut zone.

Golden Rule. Chocolate, bright zone.
Marshal McMahon. Gold and chocolate.
Perilla. Deep, well-defined bronze zone.
Prima Donna. Very dark zone.
Reine Victoria. Fine dark zone.
Rev. C. P. Peach. Chestnut zone.
Prince Arthur. Broad chocolate zone.

30c. each; \$3.00 per dozen.

IVY-LEAVED GERANIUMS.

The Ivy-leaved Geraniums are beautiful plants for growing in baskets or vases, or hanging pots for the parlor, their drooping branches and ivy-like leaves being highly ornamental.

Alice Lee. Golden yellow leaves.
Duke of Edniburgh. Broad white edge.
Fairy Bells. Crimson, tinged purple.
Fascination. Blush white and crimson.
Lady Edith. Green-pink flowers.
L'Elegante. Green, edged white.
Holly Wreath. Green, white edge.

Princess Alexandra. Pink, feathered with violet-crimson.
Elegans. Deep green, flowers rose.
Elegans Variegatum. Edged yellow.
Silver Gem. Green, margined with white.
Willsii. Deep violet-rose.
Willsii Rosea. Rosy pink.

25c. each; \$2.25 per dozen.

NEW DOUBLE IVY-LEAVED GERANIUM, KING ALBERT.

A novelty of this class, of the same habit and growth of the old varieties, but with double flowers, of a beautiful mauve color, slightly striped with carmine.

25c. each; \$2.25 per dozen.

HYBRID BEDDING AND SCENTED GERANIUMS.

Apple-scented.
Citron. Very fragrant, small foliage.
Countess of Devon. Light flowers.
Diadematum. Perpetual bloomer.
Erectum. Scented.
Little Pet. New, scented.
Lady Plymouth. Variegated foliage.
Morgani. With dark-scarlet flowers.
Pennyroyal. Cut foliage; strong odor.
Prince of Orange. Delicious scent.
Pretty Polly. Orange-salmon.

Quercifolium. (Oak leaf.)
Coccineum.
Fair Ellen. Scented.
Floribundum. Beautiful.
Rose-scented.
Rose-scented. Variegated.
Radula. Singular cut foliage.
Sidonia. Free bloomer, tall and erect.
Shrubland Pet. Fine bedder.
Unique. (Rollinson's.) Very splendid.
Unique White. Light flower, spotted.

25c. each; \$2 25 per dozen.

NEW VARIEGATED GERANIUM, HAPPY THOUGHT.

This variety is an entirely new and distinct feature in Geraniums, the variegation being in the centre of the leaf in place of the edge. Every leaf is of a very clear bright green, with a large and distinct creamy blotch in the centre. The habit is compact and dwarf, and it will prove one of the finest additions to the garden or conservatory.

25c. each; \$2.25 per dozen.

GLOXINIAS.

Gloxinias are a beautiful group of plants, with large, foxglove-shaped flowers of an infinite variety of tints, and produced in great profusion from the base of a deep, rich-green, velvety foliage. They flower all the summer, and are the finest ornaments of the greenhouse from June to September.

Fine named varieties, 50c.

Extra fine seedlings, beautiful colors, 30c. each; \$3.00 to \$4.00 per dozen.
20c. each; \$2.00 per dozen.

GLADIOLUS.

SPLENDID HYBRID GLADIOLUS.

These are now justly considered as the most showy and splendid of summer-blooming bulbs, producing tall spikes of various colored flowers, from pure white to deep crimson or purple shaded, striped, spotted, and edged. They are easily cultivated, planting the bulbs in May or June, and flowering in August and September. Our collection includes all the finest French varieties, and a collection of hybrid seedlings fully equal to many of the choice-named kinds.

Named varieties, 25c. each; \$2.50 per dozen.

Choice hybrid seedlings, 10c. each; \$1.00 per dozen; \$6.00 per hundred.

GEONOMA PUMILA.

An elegant Palm of dwarf growth, and admirably adapted to small collections or for dinner-table decoration.

\$5.00 each.

ORNAMENTAL GRASSES.

All these grasses are highly ornamental, and some of the larger-growing kinds especially adapted for massing in beds or for sub-tropical gardening. The smaller-growing sorts are admirable for hanging-baskets and vases. Some of them are perfectly hardy.

- Acorus Variegatus.** Dwarf, erect growth; leaves green and white; hardy.
Aira Cærulea Var. Of erect and graceful habit, with tall flower stems; hardy.
Andropogon Schœnanthus, or Lemon Grass. A very fragrant grass.
Arundo Donax Variegata. Green and white, grows four to five feet. 50c.
Bambusa Variegata. Dwarf, green and white; very handsome; hardy.
Cyperus Alternifolius. Deep green; very handsome; grows two feet high.
Erianthus Ravennæ. Six to ten feet high; similar to pampas grass; hardy.
Gymnothrix Latifolia. Very showy; four feet. 50c.
Gynierium Argenteum. (Pampas grass.) 50c.
Isolepsis Gracilis. Fine for baskets and vases.
Panicum Plicatum Variegatum. Beautifully striped leaves; four feet.
Reineckia Carneæ Variegata. Green and white; for baskets.
 30c. each; \$3.00 per dozen, except those noted.

HEATHS OR ERICAS.

A beautiful class of plants, flowering during the winter months, and invaluable at that season for choice bouquets.

- | | |
|----------------------------------|-------------------------------------|
| Arborea. White. | Intermedia. White. |
| Caffra densa. White. | Margaritacea. White. |
| Hyemalis. Pink and white. | Willmoreana. Pink and white. |
- 30c. each; \$3.00 per dozen.

HELIOTROPES.

The Heliotropes are among the most popular plants, producing throughout the summer an abundance of deliciously fragrant flowers in large trusses. Some of the newer kinds are exceedingly fine.

- | | |
|--|---|
| Azure Queen. Blue, white eye. | Mignonne. Lavender; fine. |
| Beauty of the Boudoir. Deep blue. | Mad. Bellanger. Large; lilac and blue. |
| Caroline des Antoinnes. French white. | Mr. Burgess. Large truss; dark violet. |
| Chieftain. Dark blue, white throat. | Oculata. Deep lilac, white eye. |
| Duc de Lavender. Rich blue, dark eye. | Pattersoni. Blue, fine. |
| Etoile de Marseilles. Very dark. | Paniculatum. Rich blue; large truss. |
| Florence Nightingale. | Souvenir de Liege. Light blue; large. |
| Grandiflora. Light. | Voltaireanum. Dark. |
- 15c. each; \$1.50 per dozen.

HABROTHAMNUS ELEGANS.

A very handsome plant, with bright crimson flowers, produced all winter in profusion, in drooping panicles.

25c. each; \$2.25 per dozen.

HIBISCUS MINIATUS SEMIPLenus.

A new variety, with large semi-double, brilliant vermilion-scarlet flowers, darker towards the centre, petals waved and recurved.

50c. each.

HIBISCUS COOPERI.

One of the most distinct and striking of the ornamental-foliaged plants, its leaves being pure white and rose color, elegantly mottled, veined, and edged.

30c. each; \$3.00 per dozen.

HIBISCUS SINENSIS GRANDIFLORA.

A showy and superb plant of rapid growth, forming large bushes, with a rich glossy foliage, covered with crimson-scarlet flowers four to five inches in diameter; flowers abundantly all summer.

Hibiscus. Double red.

Hibiscus. Double rose.

Hibiscus. Double yellow.

Hibiscus fulgidus. Crimson.

30c. each; \$3.00 per dozen.

DELPHINIUMS. (See page 6.)

DOUBLE HOLLYHOCK.

DOUBLE HOLLYHOCKS.

Few plants are more showy than the Hollyhock, and few new plants can compare in attractiveness with this old favorite. Our stock is raised from the very finest double flowers, and embraces all colors.

25c. each; \$2.25 per dozen.

HOYA CARNOSA.

Known as the Wax Plant, with thick, fleshy leaves, and bearing umbels of bluish-white flowers, resembling wax. It grows rapidly, and is admirably adapted to parlor culture or the greenhouse; continues in bloom a long time.

30c. each; \$3.00 per dozen.

NEW CLIMBING HYDRANGEA (SCHIZOPHRAGMA HYDRANGEOIDES).

A real climbing Hydrangea, introduced by Mr. Thomas Hozg, from Japan, who describes it as growing to the height of fifty feet, climbing like the Ivy, and loaded with heads of white flowers of the size of the common Hydrangea. It is quite hardy.

50c. each; large plants, \$1.00 each.

NEW HYDRANGEA (H. STELLATA PROLIFERA).

A very beautiful variety, with deep pink flowers surrounding a central cluster of imperfect blossoms like *H. japonica*. It is a really ornamental and showy plant.
50c. each.

NEW VARIEGATED HYDRANGEA (H. SPECIOSA).

One of the most conspicuous and showy of variegated plants, its very large leaves having a blotch of pure white through the centre of each.
50c. each; \$4.50 per dozen.

HYDRANGEA, THOMAS HOGG.

Of recent introduction, there are few that surpass this new *Hydrangea*, with its immense heads of pure white flowers. It has proved hardy, and it will be a fine acquisition to the garden.

30c. each; \$3.00 per dozen. Large plants, \$1.00 to \$2.00 each.

HYDRANGEAS.

All beautiful plants, producing very large heads of white, pink, or blue flowers.

Hortensis. The well-known common and beautiful kind.

Involucrata. A rare and beautiful species. \$1.00.

Otaksa. Similar to *Hortensis*; with larger heads of bluish flowers.

Aurea Variegata. With large green leaves, blotched with gold. 50c.

Japonica. Large flat heads of bluish flowers.

30c. each; \$3.00 per dozen.

HYDRANGEA PANICULATA GRANDIFLORA.

There is little hesitation in saying that this is altogether the finest hardy shrub recently introduced. It grows two or three feet high, and all the shoots, even on the smallest plants, are terminated with an immense panicle or truss of white flowers six to ten inches long, which continue in bloom from August to October.

50c. each; large plants, \$1.00.

HYDRANGEA JAPONICA VARIEGATA.

One of the most showy and beautiful variegated-leaved plants, with large, deep green leaves, marked with pure white; free from the greenhouse in summer, or for the garden, planting in a half-shady place, where the sun will not injure the foliage.

50c. each; \$4.50 per dozen.

IMATOPHYLLUM MINIATUM.

A superb plant, with the habit and general aspect of the *Amaryllis*, having very dark-green leaves, and very large corymbs or clusters of conspicuous, buff-orange or light flame-colored flowers, with a pale centre, blooming twice a year, and forming one of the most effective and beautiful plants; entirely novel in color.

\$1.00 to \$3.00 each.

Imatophyllum Cyrtanthiflora, \$1.00.

| *Imatophyllum Nobilis*, \$1.00.

NEW VARIEGATED IRIS.

This is one of the most distinct and beautiful of variegated plants, ornamental alike for the garden or greenhouse, with long, narrow green leaves, distinctly margined with white. Very beautiful for rustic baskets.

50. each; \$4.50 per dozen.

IVY, ENGLISH.

Valuable for the parlor or greenhouse; growing freely in the shade.

Canariensis. The Irish variety.

English Ivy. Leaves smaller.

Palmata. Palmated leaves.

Regneriana. Large roundish leaves.

25c. each; \$2.25 per dozen.

VARIEGATED IVIES.

The Variegated Ivies are very handsome, many of them having deep-green foliage, mottled and spotted with silver or gold. For suspended baskets or rustic vases they are almost indispensable. Our collection is the largest in the country, including more than twenty-five named varieties.

30c. each; \$3.00 per dozen.

GERMAN IVY.

A rapid-growing and handsome plant, with ivy-shaped, deep-green leaves, admirably adapted for covering a wall or trellis in summer, or for baskets or vases.

20c. each; \$2.00 per dozen.

CAPE JESSAMINE (GARDENIA).

Well known for their large, double, fragrant, white flowers, produced all the autumn.

50c. each; \$4.50 per dozen.

JASMINUM GRANDIFLORUM.

One of the most popular and valuable plants, blooming continuously from October to May. Flowers pure white and deliciously fragrant; admirable for bouquets. Grows freely either in the parlor or greenhouse.

25c. each; \$2.25 per dozen.

JUSTICIA CARNEA SUPERBA.

This fine old *Justicia* has proved to be an admirable plant for summer blooming, when planted out growing vigorously and producing a profusion of its large, tufted heads of handsome pink blossoms, which have a very showy appearance.

30c. each.

KLEINIA REPENS.

An old plant, whose value has been overlooked, its long, fleshy, glaucous, almost blue leaves forming a fine contrast when bedded out with other plants.

25c. each; \$2.50 per dozen.

KENTIA FORSTERIANA.

A graceful Palm, with finely divided and elegantly arranged leaves, of a beautiful dark-green color; of dwarf habit, robust and free-growing.

\$3.00 each.

LAPAGERIA ROSEA.

Nothing can exceed the beauty of this most charming of all the climbing greenhouse plants. It has slender, twining stems, enriched with small, glossy, evergreen foliage, which produce in great abundance very large, brilliant, deep carmine-crimson, bell-shaped flowers, four inches long, more or less spotted on the inside; the flowers remain in perfection two or three weeks, and it blooms the greater part of the year. It is admirably adapted to conservatory culture, flourishing best in a cool temperature and partial shade in summer; grown in pots, on a balloon trellis, it is a superb plant.

\$1.50 each; \$15.00 per dozen. Large plants, \$3.00 to \$5.00 each.

NEW LANTANAS.

Very great improvement has been made in the Lantana. The new kinds are much dwarfer in habit, less than twelve inches high, and such profuse bloomers that the flowers completely cover the plants. The following are some of the latest novelties personally selected from M. Lemoine's collection:—

California. Dwarf, deep golden yellow.

Dr. Noir. Dark red, with yellow centre.

Faust. Yellow, changing to vermillion.

Le Nieg. A mass of snow-white flowers.

M. Schmitt. Yellow and vermillion.

Phosphore. Dwarf, golden yellow.

30c. each; \$3.00 per dozen.

LANTANAS.

The Lantana is now a universal favorite, and rivals the Verbena as a bedding-plant, blooming abundantly from July until frost. It grows freely, forming dwarf, compact bushes, twelve to eighteen inches high, profusely studded with neat corymbs of snow-white, pink and rose, or brilliant orange and scarlet flowers.

Alba Grandiflora. Large, white; fine.

Alba Lutea Grandiflora. Pure white.

Americana. Rich, deep orange.

America. Orange, with yellow centre.

Aurora. Orange, changing to crimson.

Aurantiaca. Deep, rich orange.

Brilliantissima. Rose and orange.

Delicatissima. Lilac-rose; dwarf.

Lizzie Cook. Dwarf, orange and scarlet.

Little Gem. Yellow and orange.

Marcella. Rose, changing to yellow.

Mine d'Or. Orange and red.

Ne Plus Ultra. Crimson and orange.

Rosea Elegans. Straw and rose.

Raphael. Orange, rose, and purple.

Sanguinea. Yellow and purple; showy.

Victoire. Pure white, rich lemon eye.

Victoire Lemoine. Straw and lilac.

25c. each; \$2.25 per dozen.

Mixed colors, without name, \$2.00 per dozen.

JAPAN LILIES.

These superb flowers are usually planted in the autumn, but we generally keep a full supply for spring planting. The bulbs keep sound and fresh, and bloom freely. Our autumn catalogue of bulbs enumerates all the fine kinds in cultivation. The following are recommended for planting at this season, the others in the autumn only.

	Per Dozen.	
Lilium Auratum. The magnificent Golden Lily50	\$5 00
Lancifolium Album. Pure white; beautiful50	5 00
Rubrum. White, with crimson spots25	2 50
Roseum. White, with rosy spots25	2 50
Melpomene. Blood-crimson, edged with white.		
This is much the finest of all the lilies	\$1.00	9 00

LILY OF THE VALLEY.

Fragrant and beautiful little plants, indispensable in every garden. They are now extensively grown during the winter for cut flowers, their slender stems and white corollas being highly prized for choice bouquets.

15c. each; \$1.50 per dozen; \$10.00 per hundred.

LONICERA HALLII.

A beautiful variety of the Honeysuckle from Japan, covered with pure white delightfully fragrant blossoms all summer; perfectly hardy.

Lonicera Aurea Reticulata. Beautiful, gold-netted leaves; hardy.

25c. each; \$2.25 per dozen. Large size, 50c.; \$4.50 per dozen.

LOBELIAS.

Beautiful dwarf plants for beds or baskets or vases, with bright blue flowers.
15c. each; \$1.50 per dozen.

MARANTAS.

The Marantas are all showy and beautiful plants, with large ornamental foliage, requiring the temperature of the hothouse. *M. Zebrina* is the most robust and showy; but the others are more unique in color, though less massive in their growth.

Maranta pulchella, 30c.

regalis, \$1.00.

eximia, 50c.

micans, 30c.

splendida, \$1.00.

Baraquinii, \$1.00.

fasciata, \$1.00.

amabilis, \$1.00.

bicolor, 30c.

Maranta sanguinea, 30c.

Goveana, 30c.

argyrea, \$1.00.

majestica, \$1.00.

Warszewiczii, \$1.00.

Van Den Hecki, \$1.00.

vittata, \$1.50.

zebrina, \$1.00.

Veitchi, \$1.00.

MENTHA CORSICA FOL. VARIEGATA.

A new variegated mint, which we think will prove one of the most beautiful of dwarf variegated plants for edgings or borders. The leaves have the most distinct marking of silver and white of any plant we have seen.

25c. each; \$2.25 per dozen.

MAURANDYAS.

COBÆA (See p. 28.)

MAURANDYAS.

Exquisite, slender climbing plants, with graceful foliage and handsome white, pink, or purple trumpet-shaped flowers.

Alba. White.

Rosea. Rose.

Barclayana. Purple.

Othello. Very dark purple.

25c. each; \$2.25 per dozen.

MESEMBRYANTHEMUM CORDIFOLIUM VARIEGATUM.

One of the most admired and beautiful of variegated foliaged plants for summer bedding. The growth is dwarf, compact, and dense, and the fleshy, heart-shaped leaves are distinctly margined with creamy white, forming a complete carpet of soft, silvery foliage, which covers the entire surface of the ground.

20c. each; \$2.00 per dozen; \$10.00 per hundred.

MESEMBRYANTHEMUMS.

Very beautiful plants for summer bedding, growing rapidly, and producing a profusion of large, showy pink, white, or yellow blossoms, richly set off by the thick, fleshy, deep-green foliage.

Spectabile. Large, pink.

Spectabile album. White.

Deltoidium. Pink.

Microphyllum. Purple.

Muricatum. Pink.

Aurantiacum. Orange.

25c. each; \$2.25 per dozen.

MUSA CAVENDISHI.

A magnificent species of the Banana, with leaves six feet long and two broad; of rapid growth, making several of its large leaves during the season; presenting a noble aspect, and fruiting easily in a hothouse.

\$2.00 to \$5.00 each.

PEARL TUBEROSE. (See page 54.)

MYRSIPHYLLUM, OR SMILAX.

MYRSIPHYLLUM ASPARAGOIDES (SMILAX).

One of the most delicate and beautiful of all climbing plants, growing rapidly, and covering a trellis in a few weeks. The foliage is small, smooth, and glossy, and for bouquets or wreaths, or for table decoration, surpasses every other plant. It is cultivated in large quantities for florists.

20c. each; \$2.00 per dozen; \$8.00 per 100.

WHITE CRAPE MYRTLE (LAGERSTRÆMIA INDICA ALBA).

The common Crape Myrtle is one of the most beautiful of half-hardy shrubs, growing and blooming superbly in summer, and only requiring the shelter of a dry cellar in winter. The white is an entirely new variety.

50c. each; \$4.50 per dozen.

CRAPE MYRTLE (LAGERSTRÆMIA).

One of the finest half-hardy shrubs, blooming abundantly planted out in the open ground, and invaluable for its great clusters of elegant pink flowers.

New Crimson Crape Myrtle. Producing deep crimson flowers.

30c. each; \$3.00 per dozen. Large plants, \$1.00 to \$3.00 each.

NERIUM (OLEANDER).

Plants of great beauty, and deserving of more extensive cultivation, either in pots or open ground; flowering abundantly all summer.

DOUBLE ROSE, SINGLE WHITE.

50c. each; \$4.50 per dozen.

BEAUTIFUL BLUE LILY (NYMPHÆA CÆRULEA).

The blue Lily, similar to our native pond lily, with bright blue flowers, blooming freely all summer in the open air.

\$1.00 each; large roots, \$3.00 each.

OPHIPOGON SPICATUM AUREA VAR.

A beautiful plant, somewhat resembling in habit the Agapanthus, with narrower leaves, elegantly striped with yellow. The flowers appear in spikes, similar to the Grape Hyacinth.

50c. each.

ORNITHOGALUM THYRSOIDES.

A fine species, flowering from March to June, and very ornamental. The flowers are white, and appear in spikes from six to eight inches long.

50c. each.

ORCHIDS.

These lovely plants are yet but little cultivated; undoubtedly, in a great degree, from the general impression that they are difficult to manage, requiring special care and a house expressly for them. Nothing is more erroneous. Many of the most beautiful kinds are no more difficult to grow than ordinary hothouse plants, and some of them flourish in a cool greenhouse. Our collection has been greatly enlarged by the addition of several hundred plants, and now comprises about one hundred of the most showy and beautiful kinds, many of them fine for cut flowers.

Ten orchids, our selection, \$12.00. Ten orchids, choice kinds, \$20.00. Ten orchids, extra kinds, \$25.00. Large and fine specimens of many kinds; price on application.

OXALIS.

Beautiful bulbs for the parlor or greenhouse, flowering from December to April. Eight of the finest varieties.

15c. each; \$1.50 per dozen.

PALMS.

These splendid plants are invaluable for summer decoration of the garden, or the conservatory in winter. The hardier kinds grow easily and make fine specimens. Our collection embraces the most desirable kinds. We name a few of the kinds grown in quantities:—

Brahea filamentosa.

Cycas revoluta (Sago palm).

Corypha australis.

Chamærops humilis. Dwarf fan Palm.

Dion Edule.

Areca lutescens.

— **rubra.**

Cocos Wedelliana. Beautiful, \$2.00 each.

Chamærops excelsa.

Chamærops Fortunl. Chinese Palm.

Latania borbonica. Bourbon Palm.

Seaforthia elegans. Fine.

Cocos flexuosa.

Phoenix reclinata.

Cardulovica palmata. \$2.00 each.

Kentia Balmoreana. \$2.00 each.

\$1.00 each, except those noted; larger size, \$2.00 to \$5.00 each.

PANDANUS VEITCHII.

One of the most beautiful plants ever introduced by Messrs. Veitch, and far superior for exhibition or decoration to any other Pandanus. The leaves are light green, beautifully striped with broad bands and lines of pure white, and are gracefully recurved, forming an elegant specimen.

\$1.00 to \$3.00 each.

Pandanus graminæfolius, 30c.

Pandanus utilis, 50c.

Pandanus Javannicus var., \$1.00.

Lenne, \$2.00.

PANSY.

PANSIES.

The Pansy is a specialty of culture, and our stock comprises many thousand plants, raised from seeds from the choicest collections abroad, and also from our own selected seedlings, embracing all the various shades of color, with flowers of the largest size and fine form.

Pansies, of the finest French fancy flowers, 15c. each; \$1.50 per dozen.

Pansies, extra fine mixed colors, 10c. each; \$1.00 per dozen; \$6.00 per hundred.

PACHYPHITUM BRACTEOSUM.

A beautiful succulent plant of dwarf habit and silvery gray leaves, admirably adapted for beds or edgings of succulents.

30c. each; \$3.00 per dozen.

PASSIFLORA (PASSION FLOWER).

All the Passifloras are very handsome climbing plants, growing rapidly, and blooming freely, with blue, purple, or scarlet blossoms. *P. Cærulea* is nearly hardy; and *P. princeps* requires the hothouse.

Passiflora cærulea. Blue.
racemosa. Purple.

P. hybrida grandiflora. Purple.
princeps. Scarlet, \$1.00.

30c. each; \$3.00 per dozen: except those noted.

PELARGONIUMS, SHOW AND SPOTTED.

The Pelargonium is a specialty of culture, and all the new and choice varieties are added to our collection. The recent new kinds are very great improvements upon the Pelargoniums of former years, and they are now justly considered to be among the most attractive and beautiful of greenhouse plants, — easily grown, flowering profusely, and presenting in their varied as well as exquisite tinting, spotting and pencilling an array of beauty almost unsurpassed.

Admiration. Vermilion, light throat.

Ajax. Dark.

Arthur de Smet. Dark.

Anacreon. Rich carmine, dark spots.

Belmont. White, violet-purple spots.

Cambria. Rosy carmine, free flowering.

Conquest. Salmon-rose, dark spots.

Coronet. Rose, spotted crimson.

Crimson King. Large, free-flowering.

Comte de Flanders. Brilliant scarlet.

Charles Binder.

Diamant.

Dr. Keith. Fringed blush.

Dr. Hargrave. Dark purple.

Diana. White centre, pink petals.

Dr. Masters. Rosy carmine.

Digby Grand. Pearl-white, blotched.

Eugene Duval. Lilac, shaded purple.

Florian. White throat, spotted.

Gloire des Petites Picotees. Dark.

Glory of America. Blush, black spots.

Gloire de Bellevue. Blotched, maroon.

Gen. Taylor. Carmine, crimson blotch.

L'Avenir. Rosy scarlet, striped white.

30c. each; \$3.00 per dozen. Plants in 3-in. pots, \$10 00 per hundred.

Masaniello. Violet, with light centre.

Madame Guidon. Poppy-red.

Madame Clerelt. White, black centre.

Madame Cursier. Pink, white throat.

Madame Warlet. Very dark.

Madame de Villeuse.

Madame Lamoriciere. Salmon-pink.

Madame Pescatore. Salmon, dark blotch.

Madame Eugenie Cavaignac. White.

May Queen. White centre, crimson top.

Model. Rosy violet, with purple spots.

Mrs. Lewis Lloyd. Scarlet.

Nestor. Crimson, light throat.

Novelty. Light pink maroon.

Prince Noir. Very dark.

Prince Arthur. Light pink, shaded.

Rose Celestial. Rose, white centre.

Rachel. Rosy lilac, dark top petals.

Sir James Asher. Rose, shaded scarlet.

Solferino. Reddish scarlet.

Vicomtesse de Bellval. Deep chocolate-crimson, lilac spots.

Vicomtesse de la Bertha.

Wm. Bull. Crimson-red, dark spotted.

FANCY PELARGONIUMS.

Acme (Turner's). Deep purple-maroon.

Carlotta Grisi. White, rose blotch.

Emperor. Black upper petals.

Evening Star. Purple, margin white.

Mrs. Heard. Light, deep maroon spots.

Perfection. Blush, violet top petals.

30c. each; \$3.00 per dozen.

LILIPUTIAN PELARGONIUMS.

A new class of Liliputian Pelargoniums, originated by us a few years ago. They grow only ten or twelve inches high, very compact in habit, with small leaves, and entirely covered with large trusses of flowers.

Commodore Nutt (Hovey's). Very dark lilac, spotted.

Cambridge Pet (Hovey's). A distinct and beautiful variety.

Dolly Dutton (Hovey's). Very dwarf, and profuse blooming.

30c. each; \$3.00 per dozen.

PÆONIES.

The showiest and most desirable of hardy, ornamental plants, which should be introduced into every garden. The new French varieties are superb, of all shades of color, with flowers a foot in diameter. Our collection comprises ONE HUNDRED of the most beautiful varieties. We name a few of the new and rare varieties:—

A. Verschaffelt. Dark purple.

A. Murat. Tender rose.

A. Van Geert. Dark purple.

Compte de Niepperg. Light carmine.

Camille Calot.

Du Guesclin. Dark rose.

Festiva Maxima. White carmine tip.

Fulgida. Dark purple.

F. Ortegat. Purple crimson.

Etienne Denis. Light rose.

Jules Calot. Rose and white.

Leonie. White and blush.

Louis Parmentier. Soft rose.

Mad. Calot. Creamy-white.

Mad. Jules Calot. White and straw.

Mad. Vilmorin. White.

Naomi. Soft rose.

Ne Plus Ultra. Tender rose.

Sidonie. Lilac rose.

Sinensis Delachi. Deep crimson.

Sulphurea. Sulphur-yellow.

Washington. Lovely rose.

30c. to 50c. each; \$3.00 to \$4.50 per dozen.

100 in 25 varieties, our choice, \$15.00.

PAULLINIÆ THALICTRIFOLIA.

A lovely, half-climbing plant, of slender growth, producing very freely its beautifully cut leaves, which resemble the fronds of the Maidenhair Fern; old leaves bright green, the young shoots and foliage being of a beautiful rosy tint.

50c. each.

PEPEROMIAS.

These are beautiful, dwarf-growing, ornamental-foliage plants, with roundish, thick, fleshy, green leaves, conspicuously spotted, veined, or marbled with white. They grow freely, and are well adapted for baskets or Wardian cases.

Peperomia maculosa.
resedæflora.

Peperomia magnoliæfolia.
Verschaffeltii.

25c. each; \$2.25 per dozen.

DOUBLE PETUNIAS.

The following are all very fine varieties, some of them extra seedlings of last year, with large and very handsome flowers.

Advancer. Large, dark purple.

Caroline. Purple, edged with white.

Evening Star. Purple, marbled white.

Jeanie Deans. Purple, blotched white.

Haidee. Blush, prettily veined.

Picotée. Shaded pink; fringed.

Rosetta. Rosy purple, blotched.

Viola. Large, purple.

Walter Scott. Purple, blotched white.

Youngii. Very large; pure white.

25c. each; \$2.25 per dozen.

NEW DWARF HYBRID PETUNIA.

Hybrida nana compacta multiflora. A new and beautiful strain of dwarf habit, only five to eight inches high, and the same broad, making a natural nosegay, and forming conspicuous, showy beds of brilliant cherry-colored flowers, each flower with white star in the centre; blooming the entire summer.

15c. each; \$1.50 per dozen.

POMEGRANATE. MADAME LEGRELLE.

An exquisite variety of the Pomegranate, producing large, double flowers of a rich aurora, the petals being deeply edged with white; superb.

75c. each; \$7.50 per dozen.

POMEGRANATE, NEW DWARF.

A handsome, dwarf-growing kind, with orange-scarlet flowers, blooming all summer. It should be taken up and wintered in a frame or in any cool cellar.

30c. each; \$3.00 per dozen.

PHLOX, CHOICE HARDY VARIETIES.

Our collection of these very showy and hardy plants comprises several of the latest and finest varieties, of all the varied colors.

Andre Leroy. Clear rose, crimson eye.
Charlemagne. White, carmine centre.
Diomedé. Pure white, large violet eye.
Francis Coppee. Cream, carmine centre.
Fred. Lemaitre. Purple, crimson eye.
Geoffrey St. Hilaire. Rose, white eye.
La Fille de Rolland. White, carmine eye.

Jules Ferry. Mauve-pink, white eye.
M. Defond. Bright red, purple eye.
M. Proutiere. Salmon-rose, crimson eye.
Pictet de la Reve. Beautiful ball of snow.
Queen of Whites. Dwarf, white.
M. Vezy de Beaufort. Rose, dark eye.

And twenty-five more beautiful varieties.

25c. each; \$2.50 per dozen.

POINSETTIA PULCHERRIMA.

A magnificent plant, producing floral leaves or bracts around the flower, often a foot in diameter, of the most brilliant scarlet. It requires a temperature of 60°, and flowers from November to February. In demand for decorative purposes.

25c., 50c., and \$1.00 each, according to size.

HALF-HARDY PALM, CHAMÆROPS FORTUNEI.

This fine palm is almost hardy. Young plants may be wintered in a cold frame, and larger ones in a shed or cellar where the temperature will not go below zero.

\$1.00 each; \$9.00 per dozen.

PRIMROSE, CHINESE DOUBLE WHITE.

One of the finest of all winter-blooming plants, in flower from November to April, a single specimen yielding hundreds of blossoms. We grow this very extensively for cut flowers, and our stock is always large, and fine strong plants.

50c. to \$1.00 each, according to size; \$4.50 to \$9.00 per dozen.

DOUBLE PURPLE, \$1.00; Single White and Purple, 25c. each.

PYLOGENE SUAVIS.

This is a very beautiful twining plant. It grows with great rapidity, and is well adapted for covering trellises, arbors, or rustic work. The flowers are small, white, and fragrant.

25c. each; \$2.25 per dozen.

RICHARDIA ALBA MACULATA.

A very beautiful variety of the Calla, the leaves of which are spotted all over with white; the flowers are pure white, with dark centre. The roots may be kept dry in winter, and planted out or potted in spring; flowering during the summer.

30c. each; \$3.00 per dozen.

RHYNOSPERMUM JASMINOIDES.

A beautiful twining plant, with clusters of pure white and highly fragrant flowers, something like the jessamine; flowers abundantly, and greatly prized for bouquets.

30c. each; \$3.00 per dozen.

RHYNOSPERMUM JASMINOIDES VARIEGATA.

A variety with the foliage beautifully variegated with white and carmine.

50c. each; \$4.50 per dozen.

ROSES.

Our plants are upon their own roots, and are mostly grown in pots for the better convenience for transportation at any season and the certainty of their growth. It is well known that roses transplanted from the open ground often fail to grow; and of those that succeed, scarcely any of them bloom the first season. Those from pots take root at once, and flower abundantly. Purchasers leaving the selections to us will get a fine assortment of varieties, and generally better plants.

To obtain a fine display of roses, the soil should be well enriched with old manure, covering the ground in autumn four inches deep. If the season is dry, give them plenty of water, and occasionally liquid manure.

HYBRID PERPETUAL ROSES.

Alfred Colomb. Bright red, large.
Alice Dulleu. Globular, bright rose.
Annie Laxton. Rose, shaded crimson.
Antoine Ducher. Purplish red.
Baronne Prevost. Pale rose.
Beauty of Waltham. Rosy carmine.
Boule de Niede. White.
Camille Bernardin. Bright red.
Captain Christy. Flesh color.
Chas. Lefebvre. Bright crimson.
Coquette des Blanches. Pure white.
Comtesse de Serenye. Flesh color.
Comtesse d'Oxford. Bright carmine.
Charles Fontaine. Red and purple.
Dr. Andry. Dark bright red.
Duc de Cazes. Velvety purple.
Duchess de Valambrosa. Flesh color.
Duhamel du Monceau. Crimson.
Duke of Edinburgh. Scarlet crimson.
Edward Morren. Bright cherry.
Etienne Dupuy. Bright rose.
Etienne Levet. Carmine.
Emperor de Maroc. Velvety maroon.
Exposition de Brie. Light red.
Ferdinand de Lesseps. Dark crimson.
Frangois Michelon. Deep rose.
General Jacqueminot. Brilliant red.
Glory of Waltham. Crimson.
Imperatrice Eugenie. White.
Jean Libaud. Velvety crimson.
Jean Gonjoin. Clear red.
John Hopper. Rosy crimson.
Jules Margottin. Bright Cherry.
Lady Suffield. Purple crimson.

La Brilliance. Carmine.
La France. Pale peach.
La Reine. Rosy pink.
Louis Van Houtte. Reddish scarlet.
Mad. Hyppolite Jamain. Rosy white.
Mad. la Baronne de Rothschild. Pale rose.
Mad. Lacharme. White.
Mad. Victor Verdier. Bright cherry.
Mlle. Annie Wood. Clear red.
Mlle. Eugenie Verdier. Bright flesh.
Mlle. Marie Rady. Brilliant red.
Magna Charta. Bright pink.
Marshal Vaillant. Purplish red.
Marguerite St. Armand. Rosy flesh.
Marie Bauman. Carmine.
Marquise de Castellane. Bright rose.
May Turner. Salmon-rose.
Miss Hassard. Rosy flesh.
Mons. Bonneune. Violet crimson.
Monsieur Joigneau. Reddish scarlet.
Paul Neron. Dark rose.
Pierre Notting. Blackish red.
Perfection de Lyon. Bright rose.
Prince Camille de Rohan. Crimson.
Rev. J. B. M. Camm. Rosy pink.
Star of Waltham. Deep crimson.
Sir G. Wolseley. Bright red.
Senateur Vaise. Bright red.
Souvenir de Poiteau. Rosy salmon.
Sultan of Zanzibar. Black maroon.
Sydonie. Light blush.
Triomphe de France. Carmine.
Triomphe de l'Exposition. Crimson.
Victor Verdier. Rosy carmine.

50c. each; \$4.50 per dozen. Second size, 25c. each; \$2.50 per dozen.

SELECT BENGAL AND BOURBON ROSES.

Agrippina. Brilliant crimson.
Cramoise Superior. Brilliant crimson.
Douglas. Rich violet.
Empress Eugenie. Deep rose; large.
Fairy, or Lady Lawrence's Rose.

Hermosa. Delicate rose; fine.
Louis Philippe. Light crimson.
Mrs. Bosanquet. Pale flesh; fine.
Prince Charles. Carmine.
Souvenir de la Malmaison. Blush.

50c. each; \$5.00 per dozen. Second size, 30c. each; \$3.00 per dozen.

NOISETTE ROSES.

America. Straw color, shaded rose.
Anie Vibert. White; large clusters.
Cloth of Gold. Deep yellow; large.
Celine Forester. Yellow; deep centre.

James Sprunt. Deep crimson.
Lamarque. Very large; pure white.
Marshal Niel. Yellow; extra.
Solfitaire. Large; sulphur yellow.

50c. each; \$5.00 per dozen. Second size, 30c. each; \$3.00 per dozen.

TEA, OR EVER-BLOOMING ROSES.

The most satisfactory and desirable roses for the summer garden or for winter blooming are the Teas, now so much improved that they embrace not only large and beautiful flowers, and of the most delicate and exquisite colors, but a more vigorous habit and continuous blooming the whole year. Unfortunately, they are not hardy, but they can be wintered in a frame or cool greenhouse, and planted out in April or May.

Abricote. Light, rosy fawn.
Adam. Rose, very large and fine.
Archimede. Rosy pink, tinted fawn.
Bon Silene. Deep rose; fragrant.
Belle Lyonnais. Yellow and salmon.
Comtesse Riza du Park. Rosy salmon.
Cornelia Cook. Pure white; large.
Catherine Mermet. (See Novelties.) Large.
Douglas. Rich, dark crimson.
Devoniensis. Delicate creamed pale blush.
Duc de Magenta. Rose, tinted fawn; large.
Duchess of Edinburgh. Rich, dark crimson.
Gloire de Dijon. Fawn and rosy centre.
Hovey's White Tea. Pure white; large.
Homere. Rose, centre salmon.
Isabella Sprunt. Canary yellow.
Jeannie. Rose and salmon.
La Jonquille. Golden yellow.
Letty Coles. (See Novelties.)
Mad. Welch. Pale yellow and orange.

Mad. Camille. Flesh color, changing to rose.
Mad. Margottin. Citron yellow.
Mad. Falcot. Orange-yellow.
Mad. Lambard. Salmon pink.
Mad. Ducher. Clear yellow.
Mad. Celine Noirey. Light rose.
Mad. Willermoz. Salmon centre.
Marie Sisley. Yellow, margined red.
Marshal Niel. Deep golden yellow; large.
Niphetos. Pure white; large.
Perle des Jardines. Deep yellow.
Perle de Lyon. Deep yellow; large.
Pactole. Pale lemon, yellow centre.
Pauline Labonte. Rosy salmon.
Rubens. White shaded rose.
Souvenir d'Elize. Cream, tinted rose.
Souvenir d'Un Ami. Bright rose.
Safrano. Apricot color; fine.
Souvenir Geo. Sand.
Yellow Tea. Pale yellow.

50c. each; \$4.50 per dozen. Second size, 25c. each; \$2.50 per dozen.

JUNE OR SUMMER ROSES, HARDY.

MADAME PLANTIER.

This very beautiful Hybrid China Rose is one of the best white roses, growing rapidly, and producing clusters of medium-sized flowers, pure white, in great profusion. It forces well and makes a fine show in the greenhouse during the spring.

50c. each; \$3.00 to \$5.00 per dozen; \$15.00 to \$25.00 per hundred.

Second size, 25c. each; \$2.50 per dozen.

MOSS ROSES.

These are of our own cultivation, and upon their own roots; all fine plants, about twenty-five fine varieties, some of which are, —

Gloire des Mosseuses.
Marie de Blois.
Beranger.

Luxembourg.
Madame Rochalembert.
Blush Moss, etc.

75c. each; \$6.00 per dozen. Large, strong plants, \$1.00 each.

CLIMBING ROSES.

Anne Marie. Blush.
Baltimore Belle. White.

Mrs. Hovey. White.
Queen of the Prairies. White.

50c. each; \$4.50 per dozen. Second size, 25c. each; \$2.50 per dozen.

GEM OF THE PRAIRIE ROSE.

A fine acquisition, with the fragrance of the Hybrid Perpetual. The flowers are large, quite double, of a fine rosy crimson, good shape, and are borne in clusters of ten to twenty roses each. It is a most valuable and superb rose.

50c. each; \$4.50 per dozen. Large plants, \$1.00 each.

SALVIAS.

The *Salvias* are all very showy and beautiful plants, flowering all the latter part of summer, the scarlet and brilliant-colored varieties forming splendid masses of bloom.

Fulgens. Scarlet, long spikes.

Gesneræflora. Scarlet.

Heeri. Flowers in winter.

Patens. Brilliant deep blue.

Splendens. Scarlet in showy spikes.

Splendens alba. White.

Splendens variegata. Scarlet, variegated foliage.

Splendens Hoveyi. Blue purple.

25c. each; \$2.25 per dozen.

SUCCULENT PLANTS.

Our collection of succulent plants is very extensive, numbering over five hundred species and varieties, and embracing several genera. The following are some of the leading kinds:—

Aloe arborea.

brevifolia.

albo-cincta, \$1.00.

soccotrina.

variegata, \$1.00.

Cotyledon orbiculare.

Crassula lactea.

Echeveria.

secunda ramosa.

Euphorbia triangularis.

Gasteria verrucosa.

elongata.

Greenovia aurea.

Haworthia retusa.

Kleinia repens.

Pachyphyton aureum.

bracteosum.

Rochea falcata.

30c. each, except those noted; \$3.00 per dozen.

SWEET WILLIAMS.

The improvement in the varieties of this old and always admired plant have given it additional value. Our stock comprises many very beautiful colors.

25c. each; \$2.25 per dozen.

TRITOMAS.

Splendid, half-hardy plants, with masses of long, narrow leaves, from the centre of which their tall flower-stems, three to five feet in height, are produced in summer and autumn, with large terminal spikes of orange-red and scarlet flowers, each spike a foot or more in length. They are admirably adapted for bedding out, and the brilliant, flame-colored blossoms have a grand effect. They thrive in any rich, light garden soil. On approach of winter they should be taken up and placed in dry soil in a frame or cellar, for replanting out in spring.

30c. each; \$3.00 per dozen.

SOLANUM.

Wetherell's Hybrid. An improved variety, with very large scarlet berries.

Pseudo-Capsicum. Handsome plant, covered with bright scarlet berries.

Jasminoides var. A slender growing plant of climbing habit, flowering all summer, and suitable for hanging baskets or vases.

25c. each; \$2.25 per dozen.

SPIRÆA PALMATA.

A showy and splendid plant, with feathery corymbs of bright rosy-crimson flowers; entirely hardy.

50c. each; \$4.50 per dozen.

STEPHANOTUS FLORIBUNDUS.

One of the most charming of hothouse climbers, growing rapidly, with large, glossy, deep-green foliage, and clusters of pure white flowers, deliciously fragrant. The flowers are extensively used for bouquets.

50c. each; \$4.50 per dozen.

SEDUMS.

These interesting and very pretty plants are too much neglected. They will thrive in almost any soil or upon rocks, where many other plants would scarcely live. The flowers are of various shades of rose, yellow, orange, and white, and leaves different shades of green. Our collection comprises upwards of fifty varieties.

25c. each; \$2.25 per dozen.

SEMPERVIVUMS.

This is a remarkable and curious class of plants, admirably adapted for cultivation in the greenhouse, or for beds or masses in the open ground; they grow freely, and form one of the most novel and interesting groups. Most of them are entirely hardy. Our collection comprises upwards of fifty kinds.

25c. each; \$2.25 per dozen. Twenty-five distinct, hardy varieties for \$4.00.

SELAGINELLA (LYCOPODIUM) MOSSES.

These pretty plants are used extensively for ferneries and Wardian cases, and admirably adapted for half-shady situations in the greenhouse, flourishing best in a moist atmosphere.

Selaginella apoda.

africana.

circinalis.

involvens.

Kraussiana variegata.

Selaginella Mertensi.

variegata.

pulchella, 50c.

stolonifera.

Willdenovia.

20c. each; \$2.00 per dozen.

STATICE HALFORDII.

One of the most beautiful of greenhouse plants, with large and broad foliage, producing a succession of large and branching racemes of bright blue and white flowers, which remain in perfection two or three months.

50c. each; \$4.50 per dozen.

STATICE IMBRICATA.

Somewhat in the way of *S. Halfordii*; but the leaves are lobed and the flower-spikes more dense and of a richer shade of blue.

50c. each.

DOUBLE TUBEROSES.

These are beautiful, pure white, delightfully scented flowers, produced in long spikes of thirty or forty blossoms, on tall stems about three feet high, and flowering nearly all summer. The bulbs should be planted in pots or boxes, and placed in a gentle heat, where they will soon begin to grow, and in May should be re-potted and plunged in the border, or planted out in the open ground.

Bulbs well started in pots, 25c. each; \$2.25 per dozen. Dry bulbs, 10c. each; \$1.00 per dozen.

DOUBLE TUBEROSE, PEARL.

Recently introduced, and valuable for its dwarfer habit — growing only eighteen to twenty-four inches high — as well as for its flowers, which are much larger and of finer form than the common kind.

Dry roots, 15c. each; \$1.50 per dozen. Started in pots, 25c. each; \$2.25 per dozen.

TYDÆAS.

These are elegant autumn-flowering plants for the greenhouse, with fine velvety foliage, and long spikes of scarlet or orange flowers. Six varieties.

30c. each; \$3.00 per dozen.

TIGRIDIA GRANDIFLORA.

A new, large, and beautiful variety of the *Tigridia*, with very brilliant scarlet flowers, spotted in the centre.

25c. each; \$2.25 per dozen.

VINCAS (MADAGASCAR PERIWINKLES).

Beautiful summer bedding plants, with the richest green foliage, covered with rose or white flowers throughout the season.

25c. each; \$2.25 per dozen.

VALLOTA PURPUREA.

One of the most beautiful and desirable of summer-flowering bulbs, producing through the months of August and September clusters of six or eight large, very showy, brilliant scarlet flowers, growing on stems about a foot high; cultivated in pots or in beds.

50c. each; \$4.50 per dozen.

VIOLETS, SWEET SCENTED.

These are indispensable in every collection. It is one of the leading flowers among florists for bouquets and cut flowers, blooming throughout the winter.

Double White.

Belle de Chatenay. Double white, 30c.

Neapolitan. Double blue.

Marie Louise. Very dark blue.

Victoria Regina. New, single; 30c.

English Dark Blue. Double, hardy.

20c. each; \$2.00 per dozen.

SELECT VERBENAS.

Our collection of these popular and favorite plants comprises a collection of all the most beautiful and distinct colors, both new and old. Especial attention is given to their culture, and our stock is very large, healthy, and free from rust. The following are fine sorts for general bedding purposes:—

Boule de Nieve. Pure white.

Brilliant de Vaise. Crimson scarlet.

Ball of Flame. Dazzling scarlet.

Beauty of Sherwood. Fine scarlet.

Climax. Pink, white eye.

Dazzle. Bright scarlet.

Defiance. Scarlet.

D'Israeli. Purple, pink, and white.

Excellent. Indigo blue, fragrant.

Flirt. White, striped carmine.

Ivanhoe. Blue, white eye.

Mattie. White, rose margin.

Mrs. Dick. Pure white, fragrant.

Magnet. Pink, large truss.

Pre-eminent. Rosy salmon, white eye.

Purity. White.

Purple King. Purple.

Rosy Morn. Deep rose.

Snowbird. Pure white, extra.

Scarlet Circle. Dazzling scarlet.

Triumph. Pink, tinted scarlet, white.

Tricolor. Carmine, crimson orange.

White Bedder. White, large.

White Fawn. Large, pure white.

10c. each; \$1.00 per dozen; \$4.00 per 100.

FLOWERING PLANTS.

FOR THE FLOWER GARDEN AND GREENHOUSE, FOR SUMMER BEDDING AND WINTER FLOWERS.

Stevia serrata variegata. Foliage edged with white	25	2 25

SELECT, HARDY SHRUBS.

Our collection is very extensive, and includes every variety worthy of collection. We name a few of the most select:—

- Althæas.** Double variegated and purple; handsome shrubs.
Althæa, new variegated. Foliage beautifully edged with white.
Amorpha fruticosa. A fine shrub, with purple and gold flowers.
Calycanthus florida, or Allspice-Tree. Very fragrant blossoms.
Cranberry-Tree (Viburnum). A handsome shrub with scarlet fruit.
Clethra alnifolia. One of the finest shrubs, with fragrant, white flowers.
Daphne cneorum. Evergreen, with fragrant pink flowers; beautiful.
Deutzia crenata pleno. Beautiful, with spikes of double blush flowers.
Deutzia crenata pleno alba. Double, with pure white flowers.
Deutzia gracilis. One of the most popular and beautiful shrubs.
Deutzia purpurea pleno. With spikes of darker colored flowers.
Deutzia scabra and crenata. Two fine shrubs.
Deutzia variegata. Beautiful variegated foliage.
Deutzia Fortunei. Deep green foliage and large white flowers.
Double Chinese Plum. Very fine; double white flowers.
Exochorda grandiflora. Beautiful, with large white flowers. \$1.00.
Forsythia viridissima. Deep green foliage and bright yellow flowers.
Forsythia Fortunei. Upright growth and bright yellow flowers.
Forsythia suspensa. Early blooming; golden yellow flowers.
Hypericum Kalmianum. A fine shrub, with yellow flowers in August.
Hydrangea paniculata grandiflora. A magnificent shrub, with immense clusters of white flowers; very showy. 50c. to \$1.00.
Hydrangea quercifolia. Handsome foliage and white flowers.
Hydrangea nivea. Beautiful silver foliage and white flowers.
Honeysuckle, White Tree (Iberica). Very handsome white flowers.
Hawthorn, Paul's new double scarlet. Superb; dark scarlet flowers. \$2.00.
Lonicera tartarica. A handsome, early-flowering shrub.
Lonicera tartarica alba. With pure white flowers.
Magnolia conspicua. Very large white flowers, blooming in April. \$2.00.
Magnolia Soulangeana. Large blush; flowering in April. \$2.00.
Magnolia Lenné. With very large purplish flowers. \$2.00.
Pavia macrostachya. A grand shrub, with long, showy spikes of flowers.
Prunus triloba. With beautiful, double rose flowers.
Pyrus japonica. Eight new varieties; crimson, rose, edged, and yellow.
Philadelphus thyrsiflorus. Very long spikes of large white flowers.
Purple Barberry. Very showy; dark purple foliage.
Smoke-Tree (Purple Fringe). A very handsome shrub.
Syringas. Several very fine varieties.
Syringa sinensis. Large clusters of reddish-purple flowers.
Spiræa aurea. Beautiful golden foliage.
Spiræa callosa. A handsome shrub; red flowers.
alba. Beautiful white flowers.
Thunbergii. New; covered with small white flowers; fine foliage.
Spiræas, trilobata, Reevesii pleno, prunifolia pl., and several others.
Tamarax. Very handsome; heath-like foliage and pink flowers.
Viburnum plicatum. One of the very finest shrubs, producing a profusion of globular heads of pure white flowers. \$1.00.
Viburnum lantanoides. Handsome, with large clusters of white flowers.
Viburnum opulus. (Snowball.) An old, beautiful, and favorite shrub.
Weigelia rosea and alba. Beautiful shrubs, flowering in June.
Weigelia Desboisi. Very dark crimson flowers; fine.
hortensis nivea. With pure white flowers.
variegata. Foliage beautifully edged with white.
White Fringe Tree. Beautiful pendent clusters of pure white flowers.

And upwards of one hundred kinds of the older and well-known shrubs, by the dozen or hundred.

50c. each, except those noted; \$4.50 per dozen.

Second size, 30c. each; \$3.00 per dozen.

New Japan Pyrus. (P. Maulei.) A new, distinct, and fine hardy variety of the Pyrus, allied to the Japan Quince, but much more beautiful. The branches are loaded with small round golden fruits, tinted with crimson.
\$1.50 each.

Japanese Maples. These new very distinct and ornamental plants have proved to be quite hardy, and are undoubtedly among the most attractive of the many Japanese shrubs which have been introduced. As lawn plants either in smaller or larger masses, or as isolated specimens, they form beautiful objects from their glowing mass of rich crimson-tinted exquisitely cut foliage.
Young healthy plants, \$1.00 to \$2.00 each.

HARDY CLIMBING PLANTS.

Akebia quinata. Rapid growing, with dark, fragrant flowers. 30c.

Aristolochia siph. Very large flowers and curious foliage.

Ampelopsis (Virginia Creeper). One of the best; rapid growing and beautiful.

Veitchii. Exquisite, a miniature Virginia Creeper.

Bignonia, or Trumpet Flower. Handsome large scarlet flowers.

Clematis flammula. With very fragrant white flowers, in clusters.

Honeysuckles, Japan, variegated. 30c.

Hall's New. From Japan; pure white; fragrant and fine.

Scarlet Trumpet. Monthly blooming; scarlet flowers.

Variegated Monthly. Fragrant, yellowish-white flowers.

Japan Evergreen. Foliage nearly evergreen, flowers yellowish.

Menispermum Canadense. A rapid-growing and pretty vine. 30c.

Apios tuberosa. Covered with clusters of fragrant reddish flowers.

Periploca Græca. A handsome and vigorous growing vine.

Roxbury Wax Work (Celastrus). Very handsome.

Wistaria, Chinese Purple. The finest of climbing plants; purple flowers.
50c. to \$1.50, according to size.

Chinese White. Similar, but with white flowers. \$1.00.

Double Chinese. Fine, double flowers. \$2.00.

Price, 50c. each, except those noted.

HARDY AZALEAS.

A superb collection of fine named varieties and seedlings of great beauty, many of the latter quite equal to the named sorts.

Fine named varieties, with buds, \$1.50 each.

Fine mixed seedlings, \$1.00 each; \$9.00 per dozen.

AZALEA MOLLIS.

A very large stock of this new and splendid species, all colors, perfectly hardy. We call particular attention to this new azalea, with flowers nearly as large as the Rhododendron, and flowering in the greatest profusion.

Plants full of flower buds, \$1.00 to \$2.00 each; \$10.00 to \$15.00 per dozen.

HARDY RHODODENDRONS.

Our collection of these magnificent evergreen shrubs is unrivalled in this country; and hundreds of plants, many of them ten feet high, may be seen in bloom during the month of June.

Fine plants, all hardy, \$1.00 to \$3.00 each; \$9.00, \$18.00, and \$24.00 per dozen.

TREE PÆONIES.

These are splendid hardy shrubs, growing two to three feet high; with enormous flowers, of various shades of rose, pink, white, and purple, blooming in June, and beautiful for shrubberies, or as single specimens. Our collection includes twenty of the handsomest varieties.

Price, \$1 00 to \$2.00 each; extra large size, \$3.00 to \$5.00 each.

DWARF BOX.

For borders. A large and fine stock always on hand. 30 cents per yard.

CONIFEROUS, OR EVERGREEN TREES.

Arbor Vitæ, American. Handsome specimens	\$0 25 to \$1 00
For hedges, 1 foot to 3 feet high, per hundred, \$10.00 to \$20.00.	
Siberian. A fine dwarf tree growing and very handsome tree, compact in habit, and extremely hardy	25 " 1 00
Norway Spruce. Handsome specimens, each	25 " 1 00
2 to 3 feet high, per hundred, \$25.00 to \$30.00.	
Hemlock Spruce. Handsome specimens	25 " 1 00
2 feet high, for hedges, \$20.00 per hundred.	
Glory of the Spruces. New and beautiful silver foliage	2 00
Abies claudbrasiliana. A handsome dwarf spruce	1 00 " 2 00
pygmæa. A very dwarf and pretty tree	1 00 " 2 00
pyramidalis. A neat, formal tree, of erect growth	1 00 " 2 00
pumila. A very pretty dwarf tree	1 00 " 2 00
orientalis. One of the most beautiful; leaves deep green	1 00 " 2 00
cærulea. The blue spruce, very handsome bluish foliage	50 " 2 00
